School Dist. 34 will start reorganization in September

by GLORIA DAVIS

Antioch Grade School Dist. 34 will start its revamping as of the beginning of the school next September.

The Antioch Grade School Board of Education of Dist. 34 voted unanimously to reorganize the school district starting with the next school year, going with the K3-K3-4-5 proposal.

This will mean that Oakland and the Antioch Lower Grade School will have all the kindergarten to third grade classes and W. C. Petty will have all the fourth and fifth grade classes. Classes at the Antioch Upper Grade school will be unchanged.

The grade school meeting hall was crowded with over 160 parents on Tuesday night.

Two other proposals came in front of the board. The first, K1-2-3-4-5, failed for lack of a second.

The board took a vote on the second proposal, one favored by many parents, K4-K5-K5. This vote was turned down by a 5 to 2 vote with Ed Haley, Gail Heath, Kathy Oddsen, Fred Eichhorn and Phyllis Zora voting against and Bruce Jablonski and Roy Pomrening voting for the entire vote took six minutes.

President Haley, who had asked that other board business be left off of the agenda so that there would be room for the audience to speak, asked twice for comments. The only response being a petition with 800 names presented to the board by Cindy Rogers.

The petition asked the board not to be hasty and to wait until next year to make a decision on the reorganization.

After the meeting, Haley said that he felt many people were glad the decision was made. Other parents said that they were stunned that the board had ignored the petition. Some mothers were so emotionally upset that they were seen crying. One parent said that the reason that no one from the audience spoke was that they felt that the 800 names on the petition said it all.

The administration of Dist. 34 will now have the summer to set about moving equipment, furniture and school materials.

The board has already approved next year's teaching staff at the same number employed this year.

The story of spring

What goes together for spring better than pretty flowers, an attractive lass and bright sunshine? Kimberly Knigge, 7, enjoys aroma of blossom adorning family garden. Longer days enable backyard gardeners an extra hour or so to catch

up with planting chores that engulf weekends. Jack Frost still is lurking so green thumbs can only set out hardy vegetables and flowers. Youngsters like Kimberly are finding it increasingly difficult to concentrate on school work.—Photo by Jim Knigge

Ditching school for rock concert will mean school suspensions at ACHS

Rhetoric from Wisconsin school officials, students and parents continues concerning the "Monster Rock Concert" to be held at Alpine Valley in East Troy, expected to tempt thousands of Kenosha county and some Lake County teens to skip school on Friday, May 27.

Most area schools have announced that students missing school with or without parents' permission to attend the concert will receive an unexcused absence.

This will mean classes and tests will have to be made up. The fact that very few school days are left after the concert could have an affect on some students' final grades.

Most school officials are urging the teens that have already purchased tickets to miss the first few hours of the

concert and go to school. There will be at least eight hours of concert remaining since it is scheduled to go until midnight.

According to Antioch High School Principal Art Blecke, some ACHS students have bought tickets. If they skip school to go to the concert, they face suspension which means out of school until parents and school officials settle the problem.

Bleckle added that graduation practice will be taking place that afternoon and "those who miss might miss out on getting their caps, gowns and tickets for graduation."

"I think the promoters of this concert should be sued," said Blecke.

Based on prepublicity of the expected attendance of the concert by thousands of area teens, Wis. State Rep. Cloyd

Porter said that "May 27 may go down in history as The Great High School Skip Day."

According to Porter, the Wisconsin Legislature enacted a new law on April 25 concerning contributing to truancy.

The law says that any person 18 years of age or older, who by any act or omission, knowingly encourages or contributes to the truancy of a child is guilty of a Class C misdemeanor.

The State Dept. of Public Instruction is now reviewing this new provision and the interpretation is being awaited.

Porter suggests that "it would be interesting if the new law would be available to charge Joseph Entertainment (concert's promoters) with a Class C misdemeanor for each child who skipped school if it could be proven that said child attended the concert."

VICTORY WALKATHON

supporting quality care for older adults

Sunday, **MAY 15, 1988**
(May 22 raindate)

1:00 p.m. Start

T-shirt distribution and registration
begin at 12:00 noon in front of the hospital.

Please join us...

**IT'S A FAMILY AFFAIR FOR
FRIENDS OF VICTORY OF ALL AGES!**

PLEDGE: Sponsor a walker-Call 360-4319

WALK: 5 miles from Victory Memorial Hospital to Victory Adult Day Care at the YMCA to Victory Immediate Care Center (VICC).

RIDE: Starting at about 2:30 p.m., buses will be provided from VICC to the new Victory Lakes Continuing Care Center in Lindenhurst.

WORK: If walking isn't for you, will you volunteer to work to register, pass out water, or be a crossing guard?

CELEBRATE: All participants are invited to join us for refreshments, entertainment, and tours at Victory Lakes.

Sponsor sheets are available through Victory departments, at the main desk in the hospital, or through the Victory Development Foundation Office.

Call 360-4319 For Information

Don't let what's really important to you slip away.

Call 688-HELP.

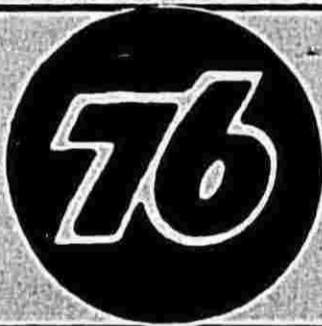

No matter how hard you try to prevent it, a drinking or drug addiction will cause you to lose what's most important to you, whether it's your family, a job or your health.

At Victory Memorial Hospital, you have friends who understand chemical addiction and the problems it can cause. Victory's medically supervised, caring professionals can help you put your life back together again with family-oriented in-hospital and outpatient programs.

Call Victory Hospital's Chemical Dependency Unit for confidential assistance, day or night, at (312) 688-HELP. We want you to choose Victory.

Lindenhurst

Chandler's boasts finest in fitness

Tom Myers, owner of Chandler's Family Fitness Center, in Linden Plaza, Lindenhurst, says the philosophy of his business is "We just try to do what we do better than anyone else."

Chandler's has been in operation at its present location for about three years. Myers, who is very much involved in physical fitness, also has another business, a store called The Athlete's Choice.

Myers previously operated several martial arts schools in Lake County and said that the fitness center has consolidated all of those programs. "I've always been involved in the martial arts," Myers said, explaining his operation of a number of classes at the center.

Besides the martial arts classes, Chandler's Family Fitness Center boasts a number of other attractions, including gymnastics, Nautilus equipment, free weights and more.

Asked how he copes with the highly competitive field of health clubs and fitness centers, Myers said, "We just try to service our people the best we can."

"We don't have any secret formula and if we did, I sure wouldn't share it publicly," he chuckled.

COLLECT FREE SILVER

Here's how the program works:

You will receive a Silver Eagle Card everytime you pick up a drycleaning order of \$5.00 or more.

If your order comes to \$10, you'll receive 2 cards. With a \$20 order, you'll get 4 cards, etc.

When you have enough cards, you will be able to redeem them for one Silver Eagle coin.

The number of cards required for redemption will be based on the spot price of silver.

Why are we doing this?

Because we appreciate your business. What better way than to reward our good customers with precious metal? We sincerely hope that you will take full advantage of this offer.

We will buy back any of your coins, regardless of the price of silver, at the spot price of silver.

Say that you collect a total of 5 ounces of silver in the next year. The value of the 5 ounces could easily go for \$250 to \$500 in the future.

Save your Silver Eagle Cards.....Then convert them to Silver Eagle Coins.

Grass Lake band rehearses

All the students in grades kindergarten through fifth grade and the junior high band held speing show and concert at Grass Lake School on Wednesday. Band instructor Neal Smith rehearses junior high school band students for big event.

Township buys new dump truck

Antioch Twp. Hwy. Comm., Mark Ring, said that his department has purchased a 1988 two and one-half ton dump truck from Pedersen GMC. The truck is on order.

This vehicle possesses the capabilities as a snowplow and a sander. Ring asserts "The taxpayers will benefit from this acquisition. It will perform multi functions for the township."

In April 1985, Ring was elected to his present position after serving eight years as a highway employee. His late father, Blaine, was Antioch Twp. Hwy. commissioner for 16 years.

Graduates

Airman James E. Wagner, son of Mr. and Mrs. Dennis E. Wagner of Antioch, has graduated from U. S. Air Force turboprop aircraft maintenance course at Sheppard Air Force Base, Tex. Graduates earn credits toward associate degrees through the Community College of the Air Force. Wagner is a 1986 graduate of Antioch Community High School.

ACHS thespians rehearse 2-part 'The Apple Tree'

Was it an apple that caused the downfall of Adam or was it really a chestnut? This and other burning questions are answered by "The Apple Tree", the spring musical at Antioch Community High School, on Thursday, April 28 through Saturday, April 30 at

7:30 p.m., \$2.50 for adults and \$1.50 for students and seniors.

"The Apple Tree" is made up of separate one-act plays, "The Diary of Adam and Eve" by Mark Twain and "The Lady or the Tiger" by Frank Stockton.

The show was originally done on Broadway with Alan Alda and Barbara Harris playing the leads in both the acts, but for the Antioch production different leads have been cast in the different acts.

Seniors Tabra Ray and Brendon Hannigan are Eve and Adam with a slithery assist from senior Mark Ellerbrock as the Snake "who knows what is forbidden to know".

"The Lady or the Tiger" are seniors Natasha Daley and Brenna Dale, respectively, with romance suplied by senior Joel Glidden as Sanjar, the brave.

This act also has a balladeer who doubles as the Royal Tiger Keeper, and who keeps the act moving along as senior Tracy Atkinson narrates in song and deed.

The story of "Adam and Eve" is Mark Twain at his best. It is a funny, silly look at the ages old man-woman relationship, but it's heart lies in his tribute to his own beloved wife and how in the end, "where she is, is Eden".

On the other hand "The Lady or the Tiger" is a larger cast with lots of lively tunes, as the barbarian Barbara tries to find true love without giving up any of her royal status.

This year the musical direction is being supplied by Keith Cox, of the Upper Grade School, and he'll be conducting the pianos of freshman Annette Montalvo, senior Brad Hamlin, and the synthesizer of senior Roxanne Ocwieja. The costumer is also new on this show and is Janine LaDuke. Overall direction of the production is by Michael Shehorn.

County zoning tags Edwards, watches pond's progress

by GLORIA DAVIS

Ray Edwards has his property in the Wedgewood subdivision, just down from the intersection of Rte. 173 and Deep Lake Rd., red tagged by the Lake County Building and Zoning Dept. last week for improperly filling in wetlands.

According to Al Giertych, department engineer, Edwards is digging a pond on his property and had pieces of a house that had been taken down and the soil he had dug out stacked next to the pond.

Edwards is presently working with the department in obtaining the proper permit for the work he is doing. He has removed some of the "junk" that was piled in the area.

Giertych said that the zoning department will keep an eye on the work being done to see that Edwards is making proper progress. If he does not adhere to the zoning department's stipulations, the department will turn the situation over to the state's attorney's office.

Five village burglaries take place over last weekend

by GLORIA DAVIS

Several burglaries took place in Antioch over the last weekend.

Sometime during Friday eveing or early Saturday morning, burglars threw a garbage barrel through the plate glass window at the Antioch Sports Center on Rte. 173. Taken was about \$500 in sportswear and sports equipment.

Four garages in the village, all on Rte. 83 or Main St., were also burglarized sometime over the weekend.

According to Antioch Police Lt. Tom Fisher, it is estimated that from \$500 to \$1,000 worth of tools was removed from the garages entotal.

The Antioch Police Dept. is investigating all five burglaries.

John's poetry one of best in Ill.

The Illinois Assoc. of Teachers of English has honored Antioch Community High School junior Rebecca Johns in its selection of the best poetry written by students throughout the State of Illinois.

John's poem, "Goodnight Saigon," was named as one of the best poems submitted in the annual competition sponsored by this respected group of English teachers.

The poem will be published in a special edition of "The IATE Journal," which will appear next month.

"Goodnight Saigon" will also appear in the literary magazine published by creative writing students at Antioch Community High School, "Finesse". Johns serves as editor-in-chief of the award-winning literary magazine, which will be published in May.

Salute to Australia

The Australian counsel stationed in Chicago, Bruce Cowled, right, gets shown some of Australian handiwork(paper kangaroo)students of Emmons Grade School did for many displays during special Australian Day held at school on Friday. Photo by Gloria Davis.

Grass Lake teacher to be on equal athletics panel

by GLORIA DAVIS

Steve Bartlett, sixth grade teacher at Grass Lake School, Antioch, will be participating at the Ill. State Board of Education's conference on "Achieving Sex Equity in Physical Education and Athletic Programs, set to be held on Monday, May 2, at the Americana Congress Hotel in Chicago.

The conference has been designed to help school district personnel develop effective physical education and athletic programs that will comply with federal and state sex equity laws.

Bartlett, physical education instructor at Grass Lake, will sit on a panel at the conference.

"I've always gone by Title Nine guidelines," he says, adding, "at Grass

Lake the PE classes are co-ed and we keep both the boys and girls busy at the same time."

Both sexes can take part in gymnastics, tumbling, etc.

Girls even take part in learning the basics of wrestling (with other girls) in sixth grade.

"Separate but equal," is Grass Lake's motto when it comes to competitive sports. If the boys have a sport that the girls don't have, the girls have one the boys don't, such as the boys have a soccer team and the girls have a volleyball team.

Both boys and girls have separate basketball teams but the spring softball team is a coed one.

Antioch police arrest, hold Wisconsin fugitive after tip

by GLORIA DAVIS

The Antioch Police, acting on an anonymous phone tip, arrested Charles Cater, 39, Pleasant Prairie, at 11 p.m., on Sunday, at the Las Vegas Restaurant, on an outstanding warrant from Wisconsin on four counts of second degree sexual assault.

Cater's wife has charged him with beating and raping her. If the case reaches the courts, it will be the first

time a husband has been tried in the State of Wisconsin for sexually assaulting his own wife.

Cater was held overnight in the Antioch jail and then transferred on Monday to the Lake County jail.

Cater waived extradition in front of a Lake County judge and was expected to be returned to Kenosha County to face charges as soon as possible.

Cost of game officials at ACHS up by \$3,300

The cost of game officials' salaries is the biggest item raise in next year's athletic budget for Antioch High School.

With the Antioch High School Board of Education approving a total athletic budget for next year of \$77,385, compared to this year's budget of \$69,665, the \$3,300 raise in the officials' salaries amounts to almost half of the total budget raise.

It was applause time at the last regular meeting of the board of education as Principal Art Blecke told the board that student Dan Warren would be representing the high school at the National DECA Convention in Salt Lake City. He was the first place finisher in the Distributive Education Clubs of America Competition held in Illinois.

Blecke also told the board that the Ill. Assn. of Teachers of English has chosen a poem by student Rebecca Johns for inclusion in the "Illinois English Bulletin" which is devoted to the best Illinois prose and poetry of 1987. The piece is entitled "Goodnight Saigon" and it was selected over 500 entries.

In other business, the board set the last day of school for Tuesday, June 7, provided that no emergency days off are needed before then.

The board also approved a recommendation from Supt. Gary Allen to hire an additional part-time band instructor for next year because of the large student participation in the band program and the many activities the program encompasses.

Lower Grade watch eggs hatch

by CAROLYN HAMMOND
(312) 395-6081

After all the activity of last week, this week in Antioch promises to be a little quieter. That gives

teachers Sandy White, Gloria Rowland, and Carla Beseman.

Hatching eggs has been a tradition at the school for as long as anyone can remember. This year

News & Notes

us all more time to get out and do the necessary yardwork. Even cutting the grass for the first time seems to be fun, but wait, it'll soon be work.

You know that spring has sprung for sure when the eggs go into the incubators at Antioch Grade School. A month ago goose, chicken, and duck eggs went into seven incubators in the rooms of second-grade

with the purchase of three new automatic incubators by the PTO, all the second-graders can get into the act.

Don't forget to sign up for the Antioch Swim Team. There will be one more day of registration at 9 a.m. to noon, Saturday, April 30 at W.C. Petty School. For more information call (312) 395-5210 or (312) 395-4886.

Engagement

Birmingham-Maras

Mr. and Mrs. Paul Birmingham of Champaign, Ill. have announced the engagement of their daughter, Paula Birmingham, to Dee Maras, son of Mr. and Mrs. Dan Maras of Antioch.

The ceremony will be performed at St. Matthew Catholic Church on June 24, 1988.

Paula is a graduate of Centennial High School in Champaign and a graduate of the University of Illinois, Champaign with a Bachelor's of Art History degree. She is employed as a graphic design manager for NBC Sports in New York.

Dee is a graduate of Antioch High School and graduate of the University of Illinois, Champaign with a Bachelor of Arts and Sciences degree in political science/speech communications. He is employed as a Technical Director for RCM Management in Champaign.

The couple plans to work for NBC Sports at the Summer Olympics in Seoul, Korea through September of 1988.

Dee Maras and Paula Birmingham

Strang Funeral Home of Antioch

Pine Hill Lakes' phase is underway

The Northfield Development Co.'s premier northern Lake County community, Pine Hill Lakes in Antioch, is going up in a picturesque setting west of Deep Lake Rd., north to Little Silver Lake Rd. Owner Al Little has just been given the go-ahead for Phase One by the Antioch Village Board.

On the former site of both a tree farm and undisturbed natural woodlands, Pine Hill Lakes will, upon completion, feature 220 single-family homes. Available in six floor plans, Pine Hill Lakes features colonial and traditional exteriors. The ranch and two-story homes offer two to four bedrooms and one-and-one-half bath to two-and-one-half baths in 1,232 to 2,562 square feet of living space. Also included as standard in each of the homes (pre-opening base-priced from \$105,900) are a full basement and an attached two- or two-and-one-half car garage.

In designing the 80-acre showcase community, the developers devoted much of their attention to preserving the property's superior natural amenities. "From the routing of the curved streets and cul-de-sacs to the transplanting of mature trees, every effort was made to maintain the heavily wooded character of the terrain, said to be the second highest point in Lake County," reports Tom Cherrington, project manager at Pine Hill Lakes.

Further contributing to the preservation of the community's natural country atmosphere are a more than three-quarter acre conservation park, seven acres of private spring-fed lakes that will be stocked with fish, and 13 acres of greenspace. Cherrington expects the homes to sell well because, "Antioch is a quaint, established community in the heart of the recreationally rich Chain O' Lakes area."

"With widely acclaimed schools and easy access to the Tri-State, people are finding the authentic country lifestyle they've always wanted is both closer in than they thought and offers all the suburban amenities they expect from an established community," he added.

Jaycees will install

Annual installation of the Lake Villa-Lindenhurst Jaycees will be Friday, April 29, at the Antioch Golf Course.

LEGAL— STATE OF ILLINOIS IN THE CIRCUIT COURT OF THE 19th JUDICIAL CIRCUIT LAKE COUNTY—IN PROBATE

In the Matter of the Estate of Ernest A. Opatz,
Deceased No. 88P-277.

CLAIM NOTICE

Notice is given of the death of Ernest A. Opatz of Antioch. Letters of office were issued on April 12, 1988, to Gregory A. Opatz, 6711 Cliffside, Racine, WI/Cheryl L. Crutchfield 38816 N. Broadway, Antioch, IL whose attorney is James Lumber, 397 Lake Street, Antioch, IL 60002.

Claims against the estate may be filed in the office of the Clerk of the Court at 18 North County Street, Waukegan, IL 60085 or with representative, or both, within 6 months from the date of issuance of letters and any claim not filed within that period is barred. Copies of a claim filed with the Clerk must be mailed or delivered to the representative and to the attorney within 10 days after it has been filed.

LEGAL— PUBLIC HEARING

Notice of public hearing for a preliminary plan for a planned unit development and a special use permit to allow construction of said planned unit development in accordance with Antioch Zoning Code, sections 150.105 to 150.109.

TO WHOM IT MAY CONCERN:

A public hearing will be held by the Antioch Plan Commission on Thursday, May 19th, 1988 at 7:30 p.m. in the Village Hall, 874 Main St., Antioch, Illinois.

PETITIONER: ALFRED J. AND JACQUELINE H. LITTLE, 591 Longview Dr. Antioch, Illinois 60002

LEGAL DESCRIPTION: The East half of the Northeast quarter of Section 8 (except the West 600.0 feet thereof and except the South 639.50 feet thereof and except the North 20.50 feet of the South 40 rods of the East 40 rods thereof and except the East 300.0 feet of the West 900.0 feet of the North 400.0 feet thereof), in Township 46 North, Range 10, East of the Third Principal Meridian, in Lake County, Illinois.

It is requested that approval be given to the requested exceptions to the Zoning code, on pages 10 and 10a of the preliminary plan.

The property is currently zoned R-1 and R-2. No increase in density or change in zoning is requested.

All persons desiring to appear and be heard thereon for or against said petition may appear at said hearing and be heard. Dated this 26th day of April 1988.

G-Day mate!

Students at Emmons Grade School spoke on different subjects about Australia and also gave group recitations at assembly during Australian Day held at school on Friday. Pupils in every class made

Australian displays. Some students dressed like "Aussies" when they gave their talks. — Photo by Gloria Davis.

Mayor, trustees don't all agree on administrator

The idea of Antioch having a village administrator doesn't seem to be setting the same as far as all members of the present Antioch Village Board are concerned.

Mayor Ray Toft, who just asked the board to cut his salary in half so the money could go towards the salary of a village administrator said, "That's why the salary cut, not because I was gone too much, I just had a regular vacation and I flew back from Florida for village meetings during that."

Toft reminded this reporter that he had turned down any salary for the first term he was returned to office. "I said then that I would say when I felt an administrator was needed and with Marilyn Sterbenz planning to retire next year, we will need one."

Toft quotes the growth of the village as creating a need for someone to be on top of things businesswise on a full

time basis.

Trustees Bob Wilton and Mabel Lou Weber agree with Toft that the time for an administrator has come. Wilton thinks that the village will save money in the long run because an administrator might mean a change in spending procedures.

Trustee Vern (Barney) Barnstable is not so sure that this is a solution to what happens when Sterbenz, whom all agree is doing a lot of an administrator's job now, retires as planned next April, after 24 years.

"It depends on who they come up with. I'd have to look into this further," said Barnstable.

Trustee Rod White doesn't expect to hire "a bonafide village administrator in the near future."

"It might just be a case of replacing Marilyn if she retires and changing the job's name," he added.

Trustee Ron Cun-

LEGAL— NOTICE

Notice is hereby given that the Antioch Self Service Storage, INC. (THE EXTRA CLOSET), 849 Anita Street, Antioch, IL., will sell the personal goods from Unit No. 425, which belongs to P. Staton.

Police to sponsor golfing

The Antioch Lodge 210 of the Fraternal Order of Police is sponsoring a first annual golf outing at Antioch Golf Course on Wednesday, June 1.

Tee-off time is from 8 a.m. to 2 p.m., dinner at 7 p.m. Included in the ticket price of \$40 per person are 18 holes of golf, cart, dinner, prizes will be awarded.

Everyone who is interested is invited. Tickets can be purchased from any Antioch police officer beforehand.

Driver gets 3 tickets for hitting RR train

An Antioch motorist has had three charges lodged against him after being released from the hospital following a car-train accident on April 2.

Timothy Knutson, 27,

of 3945 Circle Dr., Antioch, drove into the side of a METRA commuter train and his car ricocheted into Long Lake. The accident happened at the Wilson Rd crossing shortly after

the 1:55 p.m. commuter left Fox Lake for Chicago.

Witnesses said he was driving 50 to 55 miles per hour in a 30 mile per hour zone. They further said it appeared he was at-

tempting to beat the train to the crossing where the warning lights were working. There is no gate at the crossing. The car struck the first car of the train near the middle door and went down an adjoining embankment into the lake. Knutson was said to be wearing a seat belt, which saved him from serious injury. He was taken to Condell Memorial Hospital in Libertyville by the Fox Lake Rescue Squad.

The 10 to 15 passengers remained on the train and it resumed the trip to Chicago following investigation by Lake County sheriff's deputies.

He has been charged with disobeying a railroad signal, driving on an expired license and driving too fast for conditions with failure to reduce speed to avoid an accident.

Due to the haste to get this story in last week's newspaper, some of the paragraphs became transposed. As a result, the story was not complete in all details.

United Way needs set

United Way of Lake County has targeted three high priority service areas for special, one-time funding: day care for low income families, with a special emphasis on infants; illiteracy; and emergency assistance to individuals or families experiencing catastrophic illness or disability.

DOCTOR'S FORUM

ACNE: A COMMON CONCERN

by Dr. Mark Bowman

Acne is not a disease. It is a skin condition.

Acne affects between 50 and 100 percent of all adolescents in the United States. It involves primarily the face and upper trunk. Acne can take the form of comedones, papules, pustules and nodules. These terms will be explained below. The peak incidence and severity of acne for females is 15 to 17 years old, and for males it is 17 to 19 years old. Occasionally acne can first appear and flare up in the third and fourth decades of life.

What causes acne? There is no specific cause, but it is thought to be due to multiple factors. Pathologically, if one looks at a non-inflammatory acne lesion, it will consist of sebum or skin oil, dead skin cells and bacteria.

These lesions occur in hair follicles and are known as comedones. A closed comedone is also known as a whitehead, and an open comedone is known as a blackhead. If a whitehead ruptures internally, it will give rise to inflammatory lesions such as pustules. The bacteria found in acne lesions are normal skin bacteria. However, when the dead skin cells and skin oils collect in the hair follicles, the bacteria begin to multiply. The body's defense system senses this and tries to eliminate the bacteria in the closed comedone. If the inflammation is too great, the whitehead ruptures internally as mentioned above.

How do we treat acne? The stress factor of "looking good" today makes treatment a priority, especially among adolescents. Let's look at a few factors.

Diet: Though scientifically unproven, acne seems to be most prevalent in countries that eat a "Western" diet. On the other hand, as far as diet is concerned, the intake of vitamins A and E have been shown to help control acne in some individuals. I recommend to patients that if a certain food seems to make your acne flare, avoid it.

Cleansing: If any use only mild soaps such as Basis, Dove or Camille. When treating acne with topical agents, it is best to avoid soaps because they can irritate the skin. In those cases, it is best to cleanse with an emollient, such as mild cream and a moist face cloth.

Cosmetics: These are known to aggravate acne. Some of the red and yellow pigments in cosmetics have been implicated in aggravating acne. If make up is used, it should be a water-based type and applied as sparingly as possible.

Climate: Dry skin during the winter months can aggravate acne. A topical emollient such as Kerolotion or Eucerin cream can help prevent this.

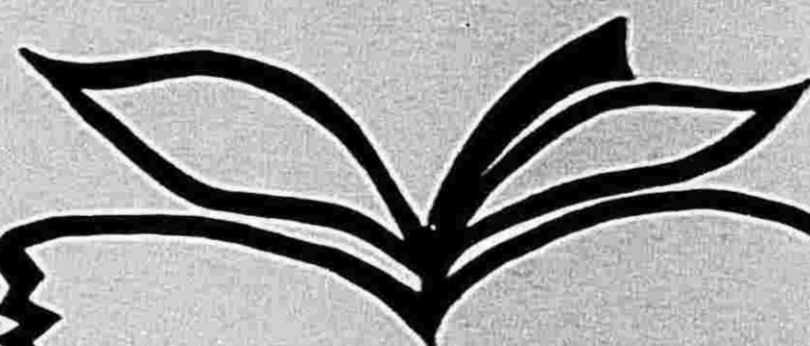

Sunlight: Sunlight normally improves acne but there are those 10 percent of people whose acne worsens in the sun. Also, individuals on topical antibiotics for acne may be at increased risk for sensitivity to sunlight and developing acne-like eruptions.

Medication: Benzoyl Peroxide derivatives are the most popular over-the-counter preparations (Oxy-3, Oxy-10, desquam-30). Salicylic acid such as topical and oral antibiotics and topical or oral vitamin A derivatives, are available by prescription only.

For more information about acne, please call Heritage Medical Center in Antioch, (312) 395-4885

15 youths get summer jobs

At least fifteen summer jobs will be available this summer for area youths through the Forest Preserve Dist.'s Youth Conservation Corps program (YCC).

All Lake County youths ages 16 through 18 are eligible to apply. Applications for the program can be picked up at the Forest Preserve Headquarters, 2000 N. Milwaukee Ave.,

Libertyville. Deadline for the return of the completed applications is Friday, May 6. A lottery drawing will be held the following day to select participants for the program.

The YCC is a work-learning experience designed to help youths learn about environment through valuable work experiences on forest preserve lands. Work activities this summer

will include land clearing and some small recreational development projects, as well as general maintenance tasks.

In the past, funds for this program have been provided by the federal government. However, as a result of recent federal budget cuts, money for this summer's program will come from local private industry. A committee is presently working towards raising these funds. The number of jobs available will ultimately depend upon the amount of money raised, and for this reason funds are currently still being sought.

For any further information regarding this summer's YCC program, please call Larry Bakanec at (312) 367-6640.

Buy three buses

Three buses are being purchased by the Lake Villa School District. The one-year-old Chevrolet 71-passenger buses will be purchased for \$66,300.

College vocational director retires

Lake County Area Vocational Center's Mervyn C. Pilotte will retire as director as of June 30 of next year.

Pilotte was named planning director of the Center in 1972, and in that position was responsible for the passing of a referendum in each of the participating districts that allowed the levying of a tax rate to cover the cost of construction of the 200,000-square-foot facility. Once the building was under construction in 1976, he was named director of the Lake County Area Vocational Center and has held that position since.

Pilotte originally started his career in education as an electronics instructor at Waukegan High School in 1961. Prior to that time, he served for four years with the U.S. Navy and received both his bachelor's and master's degrees from the University of Illinois.

During his tenure with the Waukegan School Dist., Pilotte was also named guidance coordinator of the Waukegan Area Vocational Center in 1971 and director of the Waukegan Center in 1972, a position he held until he was named planning director of LCAVC.

During the time Pilotte was director, the Lake County Area Vocational Center was named both the exemplary and premier vocational center in the state by Illinois State Board of

Education evaluation teams and then-Illinois Superintendent of Schools, Dr. Donald Gill.

Pilotte's office is lined with certificates and awards he has been given over the last 15 years. He is most proud of serving as chairman of the Lake County C.E.T.A. advisory committee during 1974-76 and being named outstanding administrator of the year by the Illinois Vocational Assn. in 1983.

Upon learning of the retirement, James Galloway, assistant state superintendent of schools, said "Pilotte has made so many contributions to vocational education in Lake County and the State of Illinois that to try to list them would be impossible. He's retiring from his position, but I am sure that he will continue to be an advocate for the young men and women in vocational classes across the state. Merv is not the type of person who will leave the education scene—he will probably remain active for many more years."

School meeting changed

Next meeting of the Lake Villa Consolidated School District board of education will be Wednesday, May 18, at 8 p.m. in Pleviak School, Lake Villa. The scheduled meeting on Wednesday, May 4, will be recessed until that time.

BEST FOOT FORWARD

FROM THE OFFICE OF
DR. PAUL ABLER

ORTHOTICS

An orthotic is a device used to correct the function of feet, not the feet themselves. Usually, an orthotic is designed to correct problems in gait; for example, it might serve to keep the foot from rolling inward. Orthotics will not in themselves improve your running performance, but will correct your gait by putting your feet into better balance.

Your podiatrist will make a plaster cast of your feet, and the orthotic device will be molded from that. It may be made of fiberglass, rubber, plastic or cork, and can be rigid or flexible, depending on the foot's needs.

Orthotics have been around for more than 200 years. During the 1800s, silver and steel orthotics were designed in Germany; later, they were made in molded leather. Today, modern materials are used to support and cushion the feet, easing aching feet and knees.

Schools will survive if builder donations are law

Lake County is one of the fastest growing counties in the nation. Residential, corporate, and retail developments have and continue to pop up on every vacant parcel of land.

Corporate and retail developments provide an adequate tax base for school systems in the county, however, residential developments are a different story.

Elementary, middle and high schools are feeling the crunch from high density housing and minimal developer donations. School district administrations are now attempting to close the gap on developers guilty of contributing to the school systems' woes.

Mundelein's and Vernon Hill's schools have been subjected to fluctuating housing markets, and are now beginning to pay the price.

In the past year, five of the six school districts in Mundelein and Vernon Hills presented referendums to its residents, asking for tax increases to meet the

increasing costs of enrollment and operating expenses.

But school districts cannot go to residents for tax increases every time a developer throws 100 or 200 new students into the school system. Village administrations and school boards are now coming together to make developers financially responsible and alleviate the schools' woes.

The only municipal ordinance regarding developers' donations, which has been upheld in court, belongs to Naperville. Mundelein's village board members and school district administration officials have been analyzing the ordinance, to understand the ramifications and results of such an implementation of law.

According to Dr. James A. Clark, superintendent of Naperville School Dist. 203, the Naperville Ordinance has tremendously helped the school system with its enrollment needs.

The Naperville Ordinance provides that as a condition of a development,

each developer shall be required to dedicate land for school sites, or make a cash contribution in lieu of actual land dedication, or a combination of both, at the option of the city.

The school site dedication is determined on a ratio of estimated children to be served in each school classification (elementary, junior high, or high school) over the maximum recommended number of students to be served in each school classification and

applying the ratio to the minimum number of acres for a school site for each school classification. For example: a development is expected to place 600 new students in an elementary school district (kindergarten through fifth grade). The developer must donate a minimum of 11 acres.

But if the school system is in need of cash, rather than land, the municipality shall require the developer to pay a cash contribution in lieu of land.

The cash contribution is held in trust by the city, or other public body designated by the city, solely for the use in the acquisition of land for a school site or for the improvement to any existing school site.

The cash contribution in lieu of land is based on the "fair market value" of the acres of land in the area.

Geo-Karis going to Washington

State Sen. Adeline J. Geo-Karis (R-Zion), of the 31st Dist., has accepted an invitation to a White House briefing on key legislative policy issues Friday, May 6, in Washington, D.C.

"As a member of the Illinois Senate Republican leadership team, I am delighted to have this opportunity to meet with members of President Reagan's administration and legislators from around the country," Geo-Karis said.

Her invitation was issued by President Reagan's assistant for political and intergovernmental affairs, Frank J. Donatelli. The briefing will be conducted by the Office of Political Affairs. Afterward, participants will attend a luncheon at which Congressman Newt Gingrich (R-Georgia) will be the speaker.

Abbott gives Adler center \$5,000

The David Adler Cultural Center is very proud to announce the receipt of a \$5,000 donation from Abbott Laboratories, to support its 1988 cultural programs. A six year contributor to Cultural Center activities, Abbott doubled its gift from 1987 with the recent contribution.

Located five miles down the road from Abbott's corporate headquarters in North Chicago, The David Adler Cultural Center counts many Abbott employees and their families among its 650 members and 1,150 students enrolled in art and music classes.

Abbott's gift will be directed toward the renovation of architect David Adler's house in Libertyville, the home base for the Cultural Center. Capital improvements scheduled for this summer will restore David Adler's ballroom.

THE PODIATRIC CENTER

The Center specializes in medical and surgical disorders of the foot and ankle, sports medicine and related injuries.

A board-certified podiatric specialist can diagnose and treat many of the foot problems children may have.

The Center accepts any type of traditional Illinois-based insurance coverage, including Champus.

Center hosts lawmaker

Congressman John Porter (R-Waukegan) of the 10th Dist., visited Gateway Foundation's Lake Villa center on April 23. Porter is serving his fifth term in the United States House of Representatives and serves on three subcommittees, one of which is Labor, Health and Human Services, and Education.

Porter has long been an advocate of government funding for social service agencies. While visiting Gateway, Porter reviewed the needs of community-based chemical dependency rehabilitation in Illinois and the necessity of increased federal legislative support for programs like Gateway Foundation.

Gateway Foundation is one of the most respected and effective chemical dependency treatment and prevention programs in the U.S. The foundation provides residential and outpatient treatment to adults and adolescents, and prevention programs to grade school children. Gateway centers are located in Chicago, Lake Villa, Belleville, Caseyville and Springfield. Since its establishment in 1968, Gateway Foundation has helped thousands of Illinois residents and their families overcome their problems with chemical dependency.

County chamber honors own

The 73rd annual meeting of the Waukegan/Lake County Chamber of Commerce was held April 19 at the Ramada Inn in Waukegan. Board chairman John E. Crim presented recognition awards to business firms and individuals for their respective achievements during the last year.

Awards presented included: Chamber of Commerce Development Award, Brun Wesser, Winthrop Harbor; Community Service Recognition Awards, Charles E. Ofenloch, Waukegan, and Bryan Hogan, Mundelein; and Future Viability Awards, Marriott Corp. for Marriott Courtyard Hotels, Lewis Clay for "TCBY" The Country's Best Yogurt, and Gerald Vargo for Lake Partners, Inc.

Outgoing board members were also recognized by Crim. The Chamber Singers of the Waukegan Symphony Chorus provided musical entertainment prior to hearing Dan Miller, editor of Chicago Crain's Business, speak about The Future of Industry in the Chicagoland Area.

Mortgage money may earn deposit interest

Legislation recently introduced in the Illinois House allows borrowers to maximize their interest return on any money kept in an escrow account required by a lending institution according to State Rep. Dan Keim, R-Crystal Lake, sponsor of the measure.

"When someone has to borrow money to buy a house or other property, he must make periodic payments that cover the principal, interest and insurance," Keim noted. "What this legislation says is that while the borrower's money is being held in an account, it should draw interest."

Keim said the measure, HB 345, will allow borrowed amounts held by a

lender to draw interest at a rate at least equal to interest earned on regular savings or similar accounts. "All interest earned would be treated as an additional deposit to be used as property tax payments," Keim added.

"This is a consumer-oriented bill," said Keim. "We may not be talking about a lot of money, but for a good number of people, any money saved or interest earned is a big step in the right direction, especially if it's being used to help out on a house payment."

Keim said that if the bill becomes law, any institution that acts as a mortgage lender will be affected.

Whiskey bottles are like cigarette packs

Sen. Paul Simon (D-Illinois) is calling for congressional action to help defeat one of the nation's toughest hidden problems—alcohol abuse—by requiring alcohol beverage containers to carry warning labels.

The labels would be similar to ones required on cigarette packages. Simon is co-sponsor of legislation to mandate one of five rotating labels on all alcohol beverage containers. "We know of the

devastation alcohol can cause and we've heard the statistics," Simon said. "The question is 'are we powerless in the face of this onslaught?' We are not. Labeling and education can change public behavior.

"This is one step down the road of public education. Let's let people know. I recognize there are going to be powerful forces in opposition to this.

But the public interest is clear. Let the public interest prevail and let's pass this," Simon said warning labels would be particularly helpful to educate young people. Teenagers need to know that drinking doesn't show maturity, he

said. Alcohol-related accidents are the leading cause of death among young people between age 16 and 24, killing

some 10,000 young people each year. One of the five proposed warning labels would alert unsuspecting women to the risks of consuming alcohol while pregnant. Fetal Alcohol Syndrome is the leading known cause of birth defects causing mental retardation.

FAS marks the only cause of mental retardation that is completely preventable, experts say.

Zoning bodies grow to 13

Ela Township has become the 13th township to gain representation on Citizens for Better Building and Zoning (CBBZ). A watchdog organization seeking fairness in administration of Lake County zoning and building regulations.

CBBZ has targeted County Building Officer Robert Streicher for replacement. Members are

documenting case histories of zoning and building irregularities in unincorporated parts of the county.

"Our growth and development speaks for itself that Lake County citizens are not satisfied with the way the County Building Office is being run," Campbell stated.

A petitioning process is being pushed for removing Streicher.

Three lakes forums this month

The Lake County Health Department will conduct public forums on the Department's Lakes Management programs at the following locations in May. These forums are

sponsored by the participating townships.

Township Hall (Antioch Twp.), 99 Hwy 173, Township Hall, Antioch on May 10 at 7 p.m.

Town Hall (Grant

Twp.), 411 Washington St., Ingleside, on May 11 at 7 p.m.

BUSINESS BRIEFS

Lake County

The College of Lake County has scheduled a seminar titled "Semiconductor Lasers and Light Emitting Diodes for Telecommunications." The seminar will be held Wednesday, May 4, from 11 a.m. to 2 p.m. Sponsored by the college's Office of Economic Development, the program is designed for engineers involved in lightwave systems.

Topics include: fundamental operation of the laser, materials and technology, characteristics of semiconductor lasers, and light emitting diodes, applications in telecommunication, and future trends. The seminar will be held at the CLC campus in Grayslake.

Vernon Hills

The consulting firm of Donald Manhard Associates, civil and sanitary engineers, has moved from its headquarters in Lincolnshire to a new location in the Corporate Woods at 900 Woodlands Parkway in Vernon Hills. The new site occupies 6,000 square feet, increasing Manhard's office space by 60 percent. The location also consolidates two offices, helping to accommodate the doubling of the size of the company's staff. Manhard works mainly with clients in real estate developments as well as some municipal projects.

Winthrop Harbor

Jacquelyn Hassett, director of health services at the College of Lake County, has been listed in the 1987-88 edition of "Who's Who in the Midwest." Hassett, a resident of Winthrop Harbor, was cited for her work in college and community health. She is on the board of directors of the Medical Service Advisory Committee for the Lake County Health Dept., received awards from the American Heart Assn. and Northern Illinois Council on Alcoholism, and has served as president of the Mid-America College Health Association.

Mundelein

Donna Barry has been named top producer in sales in the Mundelein office of First United/Rayner, according to Manager Mary Ann Bystol. Barry, a consistent top producer for First United/Rayner, resides in Mundelein with her husband Dick and two sons. Top listing agent in the same office for the month of March is Georgia Adams, a Libertyville resident.

Richmond

Richmond Motor Sales has earned Chrysler Motors' most prestigious honor, the "Award of Excellence" for demonstrating the highest standards of dealership performance. Tom Pappert, Group Vice-President of Chrysler's U.S. Automotive Sales, said, "This is the 10th time that Richmond Motor Sales has earned this distinguished award for outstanding achievement in the areas of sales performance, customer service, administration, facilities, and community relations." According to Pappert, about one out of 10 Chrysler Motors dealerships receives this coveted honor each year.

Johnson's
depends
on trust

by BILL DOTSON

The names Johnson and Korasek may not be as well known as Procter and Gamble or Sears and Roebuck, but like their more famous counterparts in the business world, they too have what it takes for a successful partnership—abilities that complement each other well.

"Dennis is the artistic one," Laddie Korasek says of his partner, Dennis Johnson. "He can envision something and design it. I have the creative ability to put things together."

The centerpiece decoration in their jewelry store illustrates this point. It was Johnson's idea to install a tree and decorate it to attract attention. Korasek took a tree from his back yard and put it in the store, painted white and covered with lights.

The pair's compatibility is evidenced by the fact that they have been partners in the operation of Johnson's Jewelers on Lake St. in Antioch for the past 10 years. Johnson started the business five years before that, in a building that was formerly a gas station, and it has remained in that location ever since, where it has continued to prosper.

The partnership came about when Johnson was looking to take on a partner and Korasek, who was employed at the Savings and Loan, a block west of the store, was eager to become self-employed. "I had always wanted to be in business for myself and I've always been interested in the jewelry business," Korasek said. "Getting into an existing venture like this was better than trying to start something new."

ART CARVED
DIAMOND CENTER

Dennis Johnson and Laddie Korasek

The two were already friends, due to their involvement in the community. Both are long time Antioch residents, and members or past presidents of the Lions Club, the Rotary Club, and Chamber of Commerce.

The partners agree that the reason for their success can be summed up in one word: trust. The trust of their customers is earned in several ways.

"It's honesty. We pride ourselves on doing our own work and we back up the work," Johnson states. "If there is repair work to be done, we do it here. We also keep our prices competitive, so we hardly ever need to run a sale."

"We're one of the anchor stores in town," Korasek adds. "The common denominator in stores like Barnstable's and the others that have lasted a long time is that they're all owned and operated by people who live in town. That really makes a difference."

"So much of our business is trust, and that's really important because there's a ton of competition," he added. "When you're part of the community, you know everybody."

"Diversity is important, too," Johnson asserts. "Besides somebody looking for an engagement ring, we also get the son looking for a Mother's Day gift. We try to carry something at every price range."

"With two of us, an owner is always here to talk to somebody who has a problem," Korasek said. "That's the advantage you have with a small company."

Johnson stresses the importance of cleanliness in the spotless store. The sales staff of four people is constantly cleaning, when not waiting on customers. The store was even completely remodeled three years ago.

(Continued on page 17.)

Recieves promotion

Christopher A. Kuebler is newly-promoted divisional vice-president of pharmaceutical marketing in pharmaceutical products division at Abbott Laboratories. Kuebler was previously director of pharmaceutical marketing in same division. He holds a B.S. degree in biology from Florida State University in Tallahassee. Kuebler resides in Libertyville with his wife Kate and two children.

Industrial Condos now
underway in Mundelein

At Shaddle and Orchard Sts. in Allanson Industrial Park, Mundelein, 23 Industrial Condo units are nearing completion. The average size is 1750 square feet and provisions have been made for a washroom and small office in each unit which also has a 10' by 12' overhead door. At the rear of each unit there is access to a common corridor connecting with a depressed loading dock to accommodate semi-truck deliveries. The structure is solid masonry, sprinklered, and has 15' ceiling clearance.

J.C. Forney and Co., Realtors in Lake County, represent the developer, H/D Development Co., for the sale and/or leasing of the condos. Jack Forney reports that at this time, nearly half of the units have been sold, and four are leased. Several have been purchased by

investors and others by users. The property is zoned M-1, Industrial, for light manufacturing and other permitted uses.

The industrial condo concept solves several problems by offering smaller units in the under 2500 square foot range and by providing pride-of-ownership for the smaller company at an affordable price. With a 20 percent down payment, the debt service is usually less than the rental rate.

Rental rates are \$5.55 per square foot, and the purchase price is approximately \$55.00 per square foot. Lake County taxes are relatively low, and there is an excellent labor supply. The remaining units can be finished and made available in less than four weeks and several local banks are interested in financing these units.

New center to be in Gurnee

A new Gurnee business park is being developed at the northwest corner of Washington St. and U.S. Rte. 41. It is being called the Gurnee Business Center and it is a 29 acre development, zoned for light industrial and commercial usage. It is subdivided into 23 lots, ranging in size from .75 acre to 3.5 acres. Land costs range from \$2.37 to \$3 per square foot.

Many people knew the location as the

site of the Waukegan Drive-In Theater. However, the Theater was no longer a viable enterprise due to dwindling business. Renovation began in November.

The developers of the Gurnee Business Center realize that there is a demand by small companies for small parcels of land at inexpensive prices. About 6 of the 23 lots are under contract already.

Word out to golfers: pay up, speed up

Get ready to pay a little more for golf this year. And be ready to speed it up, too.

That's the advice of Donald N. Cameron, Jr., a partner with Pannell Kerr Forster, one of the country's leading business accounting and consulting firms that, among other services, specializes in studying and analyzing the operation of country clubs, golf clubs and city clubs across the country.

According to Cameron, the cost of operating golf clubs has gone up 67 percent over the past five years, while the Consumer Price index nationally has gone up 48.1 percent.

"That means, the cost of operating a golf course has surpassed the rate of inflation," the PKF partner said.

In 1982, it cost a golf club operator in the midwest only \$13,410 per hole. But in 1987, it cost \$22,430 per hole.

The increased cost has been due in main to higher salaries, energy related items such as gasoline and oil, water and building repairs.

But in the Chicago area, according to PKF's Cameron, course repairs over the past two years have exceeded the norm due to excessive rainfall and flooding.

To overcome those higher expenses, more area courses are raising their greens fees at least \$1; but they're also speeding up play both on weekdays and weekend to get in more rounds of golf.

Kemper Lakes, the 7,779-yard course

near Long Grove, still is the leader. There, the cost of a round of golf has skyrocketed to \$65 per person from \$55 last year.

Marriott's Lincolnshire Resort has held the line, keeping last year's rate of \$33 per person for 18 holes on the 6,300-yard par 70 course.

Boasting a big increase, though, is Pine Meadow in Mundelein. Prices there have gone up \$5 across the board to \$30 both for weekday and weekend play. But the cost of cart rental has remained the same at \$19 per twosome.

Deerfield Golf Course, the park district course, has gone up \$1 too, to \$14.25 on weekdays and \$17.50 on weekends. Carts now are \$17 instead of last year's \$16.

"There will be pressure on most public courses because they cannot increase charges enough to keep pace with inflation," PKF's Cameron noted. So, he expects they will push golfers to speed up play so more foursomes can be accommodated.

One explanation for the continuing increase in the prices in northern Illinois is that it's just more expensive to run a golf course here than in any other part of the country.

At midwest country clubs for example, it costs about \$2,731 per member to operate a club. In the east, it costs only \$2,670; in the south, it costs only \$1,478; and in the far west the cost is \$1,852. Salaries are lower in other parts of the country.

MPL appoints marketing service, support specialists

Metropolitan Property and Liability Insurance Company (MPL) has appointed three new Marketing Service Specialists for its Chicago Marketing Service Office. They are Mark Bohac, Joe DeLascio and Laurie Wallach of Lincolnshire who will provide marketing and service support for existing policyholders.

The Chicago Marketing Service Office is located at 3315 Algonquin Road, Suite 230, Rolling Meadows. MPL sells auto, homeowner, boat, and other related personal lines insurance.

Abbott acquires director

Joseph C. White, Ph.D., has joined Abbott Laboratories as director of regulatory affairs in the chemical and agricultural products division.

Before joining Abbott, White was a registration coordinator at Chevron Chemical Company in Walnut Creek, California. He holds a Ph.D. degree in biology from Atlanta University in Georgia, and a B.S. degree in biology from Alabama State University in Montgomery.

Joseph C. White

White is a member of the American Association for the Advancement of Science, the American Institute of Biological Sciences, the American Phytopathological Society, and the National Agricultural Chemicals Association.

He resides in Long Grove with his wife Theresa and two children.

Qualifies as 'Leader'

Edward Macek of Lindenhurst qualified for Metropolitan Life Insurance Company's "Leaders Conference" for his outstanding sales achievements in 1987.

Macek, who is a sales representative with Metropolitan Life's Waukegan Branch Office located at 2740 W. Grand Ave., will receive a sales achievement award in July at Metropolitan's annual business conference at the Broadmoor Hotel, Colorado Springs, Colorado.

Cambridge expands

Cambridge Homes Inc., has announced its intention to expand the availability of its Garden Homes product line due to extraordinary sales at its Cambridge Country community in north suburban Mundelein. The Garden Homes of Cambridge Country is a community of 159 townhomes priced from \$93,490 to \$112,490. According to Phil Walters, sales manager for Cambridge Homes, fifteen garden homes remain to be sold at Cambridge Country, representing a total of 144 homes sold since the models were opened last August.

Johnson's

(Continued from page 15.)

The hours required to operate a retail sales business are long and hard, particularly in the holiday season, when some days, the partners are in the store at 7 or 8 a.m. and don't get home until 9 p.m. Yet they find sources of much satisfaction in their work.

"We're fortunate that we're in a business where our customers are always in a good mood," Johnson said.

"People come to a jewelry store for a happy occasion, whether it's a wedding, anniversary or whatever."

Johnson says it is also gratifying when their hard work at earning that trust pays off. "In some cases, we've started initially with delivering class rings to students. And now, years later, those same people come back to us for wedding rings, for example. It's good to know that people depend on us."

Foldable lens improves cataract surgery at Victory

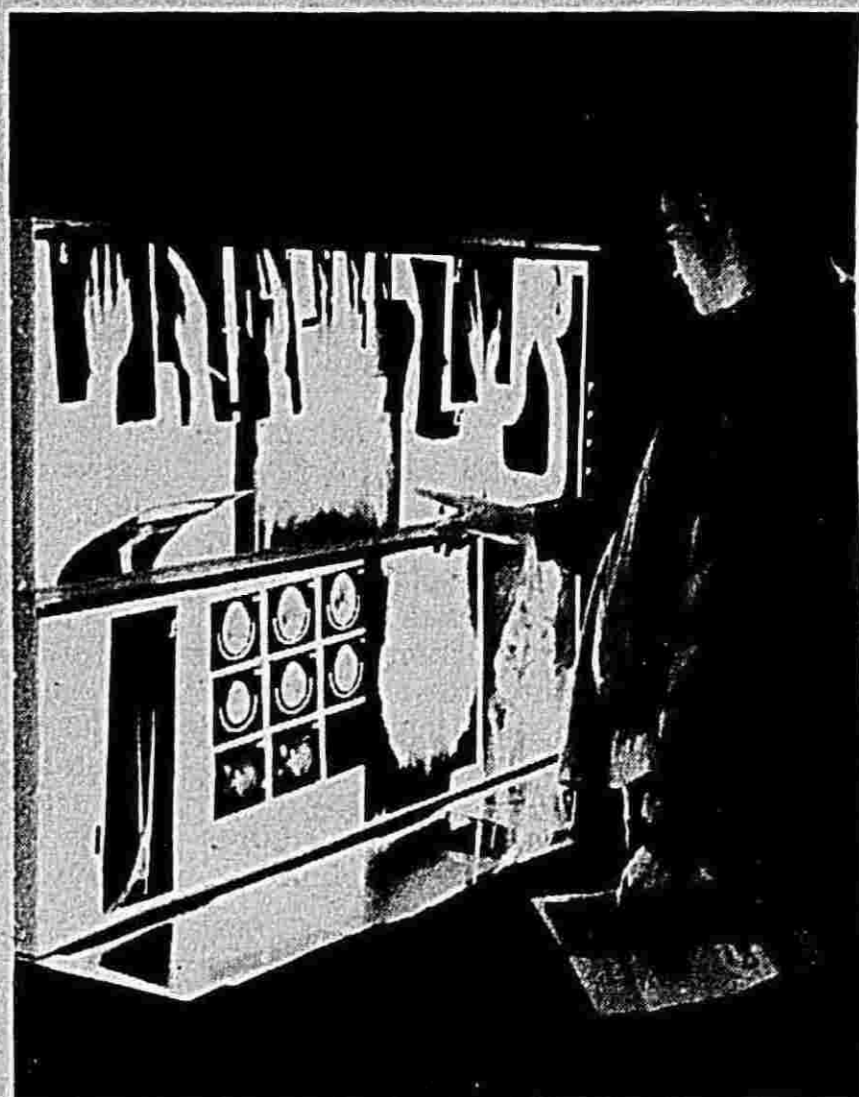

Victory Memorial Hospital, 1324 North Sheridan Rd., Waukegan, was the site of Lake County's first implantation of a new foldable lens during cataract surgery.

Barry L. Seiller, M.D., ophthalmologist and Director of Medical and Surgical Services for the

Eye Care Center of Lake County, 2424 Washington St. Waukegan, performed the new procedure as part of a nationwide study on the implantation of a second generation silicone lens. The successful use of this new, foldable lens will greatly enhance the procedure

phacoemulsification in the treatment of cataracts.

Sixty-one ophthalmologists throughout the country are participating in the study. Seiller is one of eight participants in the midwest. The study is sponsored by Allergan Medical Optics.

Funding mental health care

Care and treatment of the mentally handicapped is improving all the time. More and more, care of the mentally handicapped is being shifted to non-state agencies. In 1959, there were 49,000 persons housed in state mental health facilities, current population is about 8,100.

There was a time when care of the mentally handicapped was the shame of Illinois. The late Otto Kerner was elected governor more than two decades ago on a single-plank program of improving mental health conditions.

Today, despite an increased reliance on community facilities for mental health treatment, the Dept. of Mental Health and Developmental Disabilities employs more people than any other state agency, according to figures released by Comptroller Roland W.

Burris. Total DMHDD expenditures were \$643 million in fiscal 1987, up 58.4 percent from \$405 million a decade earlier. For the same period, there has been a decline in personnel from 18,628 in fiscal 1978 to 13,080 in 1987, according to Burris.

While the number of residents at state facilities has decreased, the department's caseload was 223,152 as of June 30, 1987, up 44 percent from the June 30, 1978, caseload of 54,935. Community agencies treated 212,042 patients in 1987, up from 133,091 at the end of 1978.

Clearly, community acceptance of a major portion of the cost of providing mental health care has helped hold down a cost to taxpayers that might otherwise be of rampant proportions today.

Price of fire safety

Purchasers of new homes in Long Grove, a community of expensive homes on sprawling lots and acreage, will be paying approximately \$5,000 to \$6,000 more per home as a result of village board action requiring all new residential construction to be sprinkler equipped. That's the going price for sprinkler coverage in the typical Long Grove home of about 4,800 square feet.

The idea behind the sprinkler requirement, believed to be the first such ordinance of its kind enacted by any village in the United States, is improving safety. While Long Grove

will be paying more for in-house fire safety, other villages with less expensive homes can provide nicely for fire safety, too, by making sure BOCA building codes for fire safety are enforced, supporting the local fire department and making sure villagers have the good sense to install smoke detector devices.

There's always a price tag on fire safety. Like dining, it can be either Maxim's or MacDonald's. Getting the job done depends on your perspective—and your pocketbook.

Planning for success

Members of the Grayslake Economic Development Commission feel they may be on to something in their just released Plan for Success, a sort of menu for the rest of the decade and into the 1990's of steps needed to maintain community economic vitality. And well they might be.

The plan marshals in a handy, easy-to-read booklet a wide ranging list of ideas and needs for advancing commerce. The commission, a creature of the village board, unabashedly admits that the plan is totally business oriented. Traditional planning involving land use and environmental needs, which every progressive municipality does these days on an ongoing basis, is embodied in a Comprehensive Plan being revised by a professional consulting firm.

What is different about Grayslake's business plan is that it is "home grown," formulated entirely by the commission with input from concerned business leaders. Village government, as a matter of policy, is supporting a climate for success. What Grayslake is aiming for is an atmosphere for increased business activity, heightened individual income, a growing tax base, rising employment, attraction of quality business enterprises, industrial and residential growth and increasing profits.

If Grayslake is breaking trail by

seeking the path to entrepreneurial success, then it has been succeeding so far. Commission Chairman Phil Harris, who also is a member of the village board, reports that a number of neighboring villages have expressed interest in how Grayslake attacked the job so they can put together their own plan for local business success.

Local commerce succeeds when there is a successful partnership between government and the private sector. The intriguing aspect of the Grayslake plan is that officialdom in the form of the economic development commission recognizes the importance of this partnership; indeed, the plan underlines the fact that one without the other is essential for prosperity.

Motor debate

Residents of Highland Lake, an unincorporated community, are astir over a renewed effort to gain approval for use of electric motors on the 150 acre lake where motors of all sizes and varieties have been banned by mutual agreement of homeowners for a number of years.

The anti-motor sentiment makes sense from the point of view of safety and serenity, but an all-inclusive ban is contrary to modern life styles where speed and technology rule our daily lives. Permitting electric motors could well be a reasonable compromise. Electric motors are safe, economical, non-polluting and "user friendly," as is said in modern vernacular.

What ever happened to young swains who had the time of their lives rowing or canoeing their sweethearts? In this context, an electric motor seems totally lacking in charm and romance.

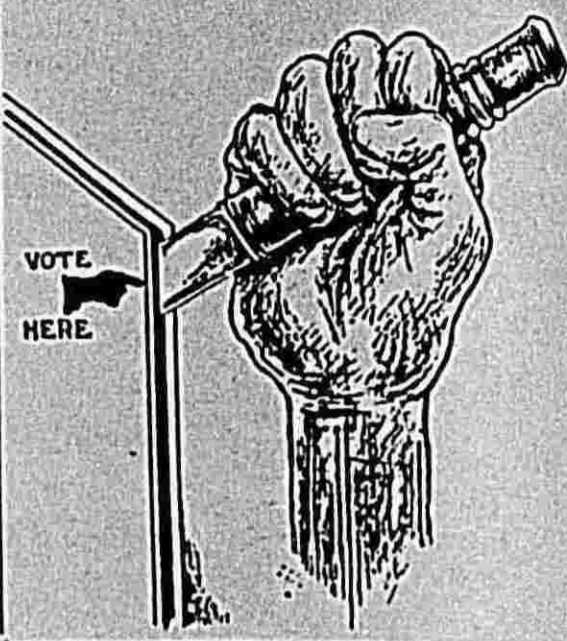

Letters Invited

Letters to the editor are welcome. They should be on topics of general interest, approximately 250 words or less. All letters must be signed, and contain home address and telephone numbers. The editor reserves the right to condense all letters.

Wisconsin law looks inviting to dog lovers

by BILL SCHROEDER

Wisconsin is all agog over dog racing now that parimutuel betting is legal. Wisconsin politicians figure that Illinois can keep horse racing. They'll build dog tracks to keep folks itching to wager at home.

Right now Kenosha land speculators are falling all over themselves to earmark property near I-94 for a dog track. Some big buck folks have purchased relaxing Lake Lawn Resort at Delavan from the Ramada Inn chain for greyhound emporium that will entice Illinois gamers across the border. Visitors to Lake Lawn who enjoy its good food and comfortable surroundings are getting heart burn over the thought of the place being turned into a glitzy, Las Vegas style betting center.

The attraction of dog racing is difficult to figure. There is nothing of thoroughbred racing's color, style and pageantry connected with a dog track, which leans more to scruffy types in bib overalls and a menu featuring tacos. What's exciting about some skinny canines chasing a fake rabbit or stopping on the track to go to the bathroom, especially when you've got \$2 riding on their backs?

Wisconites are so enthralled with legalized betting that they've even included snowmobile racing in the new gaming law. Next thing you know they'll be making frog jumping legal in the Badger state.

PARTY BUILDER—Betty Ann Moore, newly elected Lake County Democratic chairman, got her start in politics in New Jersey where she once served as president of the League of Women Voters. Moore, 49, credits State Rep. Grace Mary Stern (D-Highland Park) with getting firmly entrenched in the Democratic party. She's a staunch supporter of the two party system and intends to go at her job of improving the lot of Lake County Democrats by stressing that the entire system benefits when both parties are strong. Moore and her husband, John, moved to Lake Bluff 12 years ago.

NEWEST SCOUT—State Sen. Adeline J. Geo-Karis is the newest girl scout. She was made an honorary girl scout at a ceremony in Zion. Always knew Geo was a good scout. Now she's a girl scout.

FOOD STAR—Jennifer Epker, a young but talented chef, has parlayed her training in the commercial food service program at Lake County Area Vocational Center, into a position at the New Orleans Hyatt Regency. The Waukegan resident recently represented the U.S. in culinary arts in the Skill Olympics in Sydney, Australia.

FREE CAMP—Muscular Dystrophy Assn. is offering a group of teenagers a free summer camp experience while at the same time aiding a good cause. The kids will serve as companions to 22 MD children, most of them confined to wheelchairs, during camp week June 25 to July 2 at Wonderland Camp & Conference Center, Camp Lake, Wis. Young people interested in applying should call 815-226-9120 as soon as possible, according to Kathleen Jensen in the MDA office in Rockford.

FASTER PAYMENT—Never let it be said that Metra doesn't have the best interests of commuters at heart.

Thursday, April 28, Metra put into operation "Ticket Express," a no wait system for purchasing tickets. Commuters simply deposit a completed form with a check in a drop box on a weekday before 9:30 a.m. Their ticket will be ready for pickup that same day at noon. Produce a valid ID, like a driver's license and you can claim your ticket.

Closest Ticket Express outlets are at Libertyville and Deerfield besides Union Station. If the plan catches on, maybe it ought to be expanded.

REBUILDING—The Trybom family of Gurnee hopes that special legislation will be passed in Springfield so they can rebuild the landmark Rustic Manor, destroyed by fire and flood a few years ago.

The problem is that Rustic Manor is located in the flood way of the DesPlaines River where building and rebuilding are prohibited. Repairs and remodeling are OK. State Sen. David Barkhausen says he is ready to introduce legislation to broaden language of the statutes governing flood way for the Tryboms and others injured by catastrophe.

Myth of elderly wealth is senior fairy tale

by RONALD F. POLLACK

News stories about the elderly no longer picture them trudging up the road to the poorhouse on their 65th birthdays. Instead, they're shown as moving into Florida condominiums, their incomes guaranteed by ever-rising Social Security benefits, their health care bills paid by Medicare.

Portraying the elderly as rich, healthy and carefree is misleading—and dangerous. It ignores the persistent problem of elderly poverty (millions of old people are very poor), and it also provides a convenient excuse for those who want to slash social welfare programs. This stereotype fuels the notion that the young should resent the old for grabbing scarce resources away from others seemingly more needy.

The poverty rate for all older Americans has dropped significantly in the last two decades. Twenty-five years ago, more than one out of three seniors were poor; today, it's just one out of eight.

Social Security has made the crucial difference. More than 90 percent of the elderly receive Social Security. On the average, it provides about 40 percent of their retirement income (for the low-

income elderly, it's 80 percent). The across-the-board benefit increases in the late 1960s and early 1970s, and the annual cost of living adjustments, begun in 1975, helped most of the elderly stay out of the poorhouse.

Despite the progress, about 3,400,000 older Americans still live below the meager poverty line of \$445 a month (for an individual). These individuals live on less than \$15 a day (or \$18 for couples). An additional 8,000,000 elderly are struggling to eat and pay rent on incomes under twice the poverty line—a modest \$29 a day for a person living alone (or \$36 for couples). So making ends meet is still a struggle for more than four out of ten of the elderly.

Poverty is an especially crushing problem for certain vulnerable groups of the elderly: women living alone, minorities and the very old. Almost three-quarters of the elderly poor are women. More than one out of every five elderly Hispanics and almost one out of every three elderly blacks are poor. An older black woman living alone is five times as likely to be destitute as an older white man.

And the longer people live, the more likely poverty is to loom in their future.

People over 85 are twice as likely to slip under the poverty line as those between 65 and 84.

What's more, older people—once poor—have fewer chances to escape poverty by getting a better job—or any job. That's why one-third of the "long-term" poor are elderly.

But what about those costly government benefits the elderly get: Social Security, Supplemental Security Income (SSI), Medicare, Medicaid, food stamps? How can anyone be poor when they are "entitled" to all those federal dollars?

First of all, the average Social Security benefit is only \$479 a month—with many older women and minorities getting well below that sum.

SSI—the income support program for the two million poorest seniors—pays only \$336 a month to people living alone, well under the poverty line of \$445 a month that the government says marks

the boundary of destitution.

And despite all of the Medicare benefits paid out, seniors today must pay more of their incomes for health care than before Medicare was enacted!

Moreover, many of the elderly don't even qualify for those programs, such as women who worked sporadically or

never worked at a job covered by Social Security. Millions more just don't know they are eligible for SSI, Medicaid and food stamps.

The myth of elderly affluence harms the elderly and harms our society. It makes it easy, even justifiable, to ignore the existence of 11,000,000 Americans living on the wrong side of Easy Street. It pits generation against generation in the fight for an ever-shrinking federal dollar, at a time when all generations need to be fighting shoulder to shoulder to protect all poor Americans from suffering the heaviest casualties in the battle of the budget.

Editor's Note: Mr. Pollack is executive director of the Villers Foundation, which works with and on behalf of the elderly.

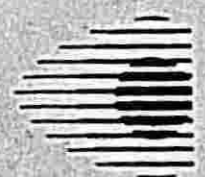

Reduced Vision Screening

If poor vision is changing the way you live, and you feel your independence is in jeopardy, The Eye Care Center of Lake County may be able to help.

We offer the latest technology to quickly and easily test your eyesight. A doctor will be present to discuss your test results and to answer your questions.

- Wednesday 9–11 a.m. Waukegan
- Thursday 2–4 p.m. Fox Lake

Call Monday through Friday, 9 a.m. to 5 p.m. to reserve a time for your FREE vision screening.

QUESTIONS & ANSWERS

Q. I had a heart attack about six months ago and have been unable to return to work. My doctor suggested I apply for disability insurance benefits. Will I have to go for additional tests or can my own doctor verify that I'm disabled?

A. That depends on the severity of your disability. When you file for disability payments, you'll be asked to supply the names of doctors who have treated you and other sources that can supply medical information about your case. A team of professionals, a doctor and one or more disability examiners, will review your case to decide if you are disabled as the term applies to Social Security. To be considered disabled, you must have a severe physical or mental impairment which will

prevent you from doing any substantial gainful work for at least 12 months in a row, or your condition must be expected to result in death. The disability team may be able to determine the extent of your condition from the information supplied by your doctor, hospital and so forth. If they need more information, you will be asked to go to another physician or to a clinic or other medical facility so more information can be developed before the disability team decides on your case.

Q. My wife is covered by Medicare. Recently she had a stroke and now has difficulty speaking. Will Medicare help pay for outpatient speech therapy once she leaves the hospital?

A. Yes, your wife may receive this therapy under Medicare medical insurance. However,

certain deductibles apply, and there is a yearly maximum amount payable for this therapy.

Q. I have never worked under Social Security but my husband has for many years. When can I get retirement benefits as his wife?

A. In order to receive a wife's benefit you must be 62 years old. In addition, your husband will have to apply for his own retirement benefit.

Q. A few years ago I worked briefly for a company that soon thereafter went out of business. How can I be sure that I received Social Security credit for my wages?

A. The Social Security Administration maintains each person's individual earnings record at its headquarters in Baltimore, Maryland. To receive a statement summarizing the in-

formation contained in your earnings record, you may get in touch with any Social Security office and ask for Form SSA-7004 entitled "Request for Statement of Earnings." Fill it out and mail it, and you will receive the information in a few weeks.

Q. I have a foster child in my home and receive payments to help support him. Will these payments reduce my SS checks?

A. Foster care payments you receive will not affect your SSI payments if the foster child is not entitled to SSI

himself, is living with you, and was placed in your home by a qualified agency.

Cholesterol level should be known

Both the American Heart Association and the American Medical Association encourage individuals to know their cholesterol level. In general, under 200 is desirable. Between 200 and 239 is borderline, unless other risk factors are present to make it high borderline. Over 240 indicates the need for immediate intervention.

These two associations are also working to increase public understanding of the importance of diet in controlling cholesterol.

The diet recommended for patients meets the guidelines established by the American Heart Association for all healthy Americans.

According to Toby Solan, chief clinical dietitian at Highland Park Hospital, "Making gradual changes toward a more heart healthy eating style can be easily accomplished over a period of time."

"It is imperative to find out if cholesterol levels can be satisfactorily reduced by diet before considering medications," said Dr. Arvind Menon, medical director of cardiology and of the cholesterol control program at Highland. "We strongly believe that an adequate trial of diet therapy can only be achieved with the kind of comprehensive guidance a sound program provides."

"The effects of the program can be measured in as little as four to six weeks. We compare the cholesterol levels with those the patient has at the initial screening and interpret the progress being made."

Dr. Menon stressed that because the program provides structured information and a support system, persons in the program are more apt to make permanent lifestyle

changes than are persons who try on their own.

Participation in the program can be initiated in two ways. An individual may arrange to have an initial screening at Highland Park Hospital to learn whether

his or her cholesterol level warrants joining the program, or a per-

son's physician may handle the cholesterol screening and recommend the patient for the program.

Seniors led by women

In 1790, when George Washington was president, the first United States census indicated that fewer than one percent of the new republic's population were aged 65 or older. Today, the elderly

comprise almost 12 percent of the population, about 30 million persons. Among the elderly,

almost two-thirds are female. Elderly women now represent one person in 12 in the U.S.

IAHA honors Schaffer's efforts

Senator Jack Schaffer (R-McHenry County), of the 32nd Dist., has been named Outstanding Legislator of the Year for 1987 by the Illinois Assn. of Homes for the Aging (IAHA).

The organization honored Schaffer for his "outstanding record of public service during the past year, in addition to strong support and advocacy of issues on behalf of Illinois seniors residing in non-profit homes and housing for the aging."

"The welfare of senior citizens has always been one of my top priorities, and I will continue to work to see they are treated fairly," Schaffer said. "Senior citizens have contributed years of knowledge and experience to our society and we must ensure they are

Sen. Jack Schaffer

given the consideration they deserve in areas of concern, such as adequate housing and medical care."

The IAHA said Schaffer's efforts will enable it to continue to successfully strive to improve the quality of life for seniors.

Adopt a grandparent

The Foster Grandparent Program, an intergenerational program, enables low-income persons age 60 or older to remain active in their communities through person-to-person services to children with special or exceptional needs.

In Illinois, more than 600 Foster Grandparents are giving personal attention and warm affection to the children they are assigned. Usually, the volunteers spend two hours with a child on a daily basis. The program provides social, psychological, and educational

benefits to children with developmental disabilities and special needs while the volunteers benefit from alleviation of some of the consequences of loneliness.

These projects receive funding from the Dept. on Aging and ACTION, the federal program which also sponsors the Retired Senior Volunteer Program, the Peace Corps and Vista.

For more information on the Foster Grandparent Program or to obtain the name and phone number of the nine projects, call 1-800-252-8966.

Seniors B-day dance

Seniors at Lincoln Center in Mundelein get together for an evening of music and dancing April 22 for a monthly birthday party. The party is held to celebrate all seniors with birthdays that month. For Friday's event, music was supplied by accordionist and singer Joe Stepniewski of Lake Zurich.

Golden agers keep growing

The elderly population is increasing at a rate more than twice that of the overall population.

From 1970 through 1982, the number of elderly persons gained by about 2.3 percent per year versus a growth rate of only about one percent

for the overall population. Again, and as in the past, future growth will favor the elderly.

The most rapid advance in population has been among the very old, those aged 85 and older. The benefits of social security, medicare,

medicaid, private health insurance and advances in medicine and nutrition underlie these gains. In turn, the implications of an aging society and of more of the very old are such that there will be increasing demands on health care systems and on related services.

The Gift of Love

This Mother's Day,
give her something nobody
else can give her...
your time and your love.

You don't have to spend a lot
of money to show her you care.
Because what she wants more than
anything else is you... your
time and your love.

Mothers are like that.
If you would like to take her out, we'd be proud
to be of service. We'll make sure everything's perfect,
right down to flowers on the table.

But you are the only one who can make her day special. The
best gift you can give her is a little more love.

To your mother, and to ours, nothing but the best.

EYE CARE

News, views and ques-
tions about your eyes.

by **Robert L. Epstein, M.D., Director**
Illinois Center for
Corrective Eye Surgery

QUESTION: Would you please explain to me what a cataract actually is?

ANSWER: A cataract is a clouding of the normally clear lens of the eye. This clouding, a natural aging of the lens in most cases, prevents light from passing through the lens to the back of the eye, or retina. Much like the lens of your camera focuses light on the film, the lens of your eye focuses light on the retina. If the front of your camera's lens becomes dirty or fogged, then the picture taken will be hazy or blurred.

Light rays are blocked by a cataract

On stage

That fantastically funny lady, favorite on HBO comedy shows, Elaine Bosler is scheduled for the Centre East on Lincoln Ave. in Skokie, at 8 p.m., on Friday, May 13. If there are any Eddie Fisher fans left, she will be followed by the 1950's bon vivant the next evening, Saturday, May 14.

With the New York Daily News and Time Magazine raving about it, the new show in town to see might be "Driving Miss Daisy" starring Sada Thompson and Bill Cobbs, just opening at the Briar St. Theatre on Halsted St. in Chicago.

The new musical that just opened at the Marriott Lincolnshire Theatre, "Do Black Patent Leather Shoes Really Reflect Up?" is another must on any theater goers list. If you've seen one of the Chicago productions and enjoyed it, go see it again, this is new enough to be thoroughly enjoyed even the second time around.

For all the kids - "Sesame St. Live" is back at the Rosemont Horizon with 1 and 4:30 p.m. performances on both Saturday and Sunday, April 30 and May 1.

Mundelein's Kirk Players will be on stage with "Breakfast With Les and Bess," at Mundelein High School, at 8 p.m., Friday and Saturday, April 29, 30.

Two of Chicago area's finest young dancers, Patrick Mullaney and Darien Ford, both on loan from the Joseph Holmes Dance Theatre, will be with the Judith Svalander Dance Theatre at 8 p.m. on Friday, May 6, at the Woodstock Opera House.

Musical notes

Through May 1, Peggy Lee will be appearing at the Moulin Rouge in Chi Town.

Speaking of concerts, DePêche Mode, will be rockin' all night long, on Saturday, May 20, at the Poplar Creek Music Theatre.

For music at its finest, the Chicago Symphony Orchestra and its conductor Sir George Solti will be performing the works of Tchaikovsky at 7:30 p.m., on Tuesday, May 3, also at the Rosemont.

The Lake Zurich Alpiners will present their Spring Swing Square Dance, at St Mathews gym, on old McHenry Rd., at 8 p.m., on Saturday May 30, with rounds called by Larry Johnson.

Master of the piano and harmonica and a superior entertainer in his own right, Corky Siegel will be playing at the Woodstock Opera House, Friday and Saturday, May 13 and 14 at 8 p.m. There is a 2 p.m. matinee on Saturday.

For those jazz lovers who are willing to do a little traveling for the real thing, on May 13, 14 and 15, the 18th Annual Dixieland Jazz Festival will take place at Schuss Mountain, Marcelon, Mich. Playing will be the Tailgaters, Ragtime and Sister Charlie.

Be there!

The big annual antique car show and swap meet will be taking place at the Lake County Fairgrounds in Grayslake, from 8 a.m. to 4 p.m., on Sunday, May 1.

Register for the Lakeland Newspapers Cruise by May 14 and have a ball on the MV Stardancer as it cruises to the Mexican Riviera. Act fast to get aboard, call (312) 948-9116.

More than 750 sports cars, classics, street rods will seen at the Wisconsin Dells Auto Show and Antique Flea Market, on May 21 and 22.

'Black Patent' shines at Marriott

Marriott Lincolnshire Theatre opened newest production of 'Do Black Patent Leather Shoes Really Reflect Up?' last week. Top-Notch cast of what bodes to be smash hit includes, front left, Susan McGhee, John Ruess, Kathy Santen and Don

Forston. In middle row left are, Patti Davidson Gobeia, Susan Shuler, Peggy Roeder and Thomas Joyce. In rear left are, Richard Reardon, Kathryn Jaek, Amy Marie Dolan and James Kall.

'Black Patent' reflects pure enjoyment

by GLORIA DAVIS

Marriott Lincolnshire Theatre's newest offering "Do Black Patent Leather Shoes Really Reflect Up?" has all the ingredients that make for an evening of pure nostalgic enjoyment.

Author and playwright John Powers has made a living off of his recollections of his '50s, '60s Catholic high school days, starting with the short best selling novel, then to the four-year long run of the musical based on that novel that ran at The Forum Theatre.

Following that was the national touring company that played to SRO houses everywhere except sophisticated New York. But who can explain the Big Apple's theatrical taste anyway?

Even though Powers utilizes a little theatrical comic license in exaggerating some of the teaching practices of Catholic schools of 30 years ago, for this reviewer, a 1950's graduate of a Catholic academy for girls, it was like old home week, only funnier.

Make no mistake, the charm of these melodious memories is sure to appeal to young and old alike, those who were "publics" and had friends in parochial schools and also the children of the graduates of those simpler days of

innocence and black and white untinged by grey.

The part of Sister Lee is written to be a show stealer and Peggy Roeder carries off with a performance that could get her another Jeff Award, in the least a nomination.

Those who have seen the young vibrant Roeder in other parts can really appreciate, not only the magnificent make-up job that turns her into a dour aged nun, but also the way she becomes that frightening yet good-hearted fossilic bit of holiness that could be found at almost every Catholic institution back then.

Critic's Choice In...
Lakeland

John Ruess and Susan McGhee do a great job as Eddie Ryan and his love Becky, grabbing on to the very essence of bygone teenage purity with alacrity.

Powers' supporting players each have a distinct personality representative of all the types of students and teachers to be found in the Catholic schools of yesteryear.

Amy Marie Dolan's teacher's pet is

marvelous; Don Forston's fat pesty kid, priceless. The class the audience follows from second grade to the marriage altar, is well-rounded out by the "fast" and "classy" characterizations of James Kall, Kathy Santen and Kathryn Jaek all well-known and appreciated Marriott veterans.

Thomas Joyce, Patti Davidson Gobeia and Susan Shuler bring credit to their parts of the teaching parish priest and his entourage of penguin-like sisters.

The way that the sisters only move from the ankle down when walking, gives credence to the line from the show that accuses nuns of "having wheels instead of legs under their habits."

As usual Marriott's production staff comes through with flying colors for everything from the plaid jumpers to the monogramed blazers reeking with authenticity. You'll love the scooter-like school desks and the giant patent leather shoes!

Even though the musical score is no great shakes, the songs do their job by fitting the mood of the show.

Powers is no threat to either Shakespeare or Irving Berlin, but he, along with Marriott, has come up with a big bundle of refreshing enjoyment, and isn't that what entertainment is all about?

Big Bird goes Hollywood at Rosemont Horizon

Lights...camera...action! It's show time for the versatile Muppets of Sesame Street, who jump from stage and TV screen to the big screen for the all new version of Sesame Street Live coming to the Rosemont Horizon from April 27 through May 1.

A show within a show, the live stage

spectacular finds Big Bird and his sidekicks abandoning the familiar environs of Sesame Street for Sunset Strip and the bright lights of Hollywood. It's for a good cause—a favor to game show host Guy Smiley, who has won a movie studio, with the proviso that he put together a feature film in just one

With Big Bird as director and Smiley as his gung-ho assistant, Bert and Ernie, Cookie Monster, Grover, The Count, Prairie Dawn, Oscar the Grouch, Barkley the Dog and some monster friends pitch in to make the most of 60 minutes under the lights

Presented by VEE Corp., in cooperation with Children's Television Workshop (CTW), "Big Bird Goes Hollywood" was directed and choreographed by Diane Arnold. The script was written by David Connell and Jim Thurman of CTW.

Greeks to fete heritage all during month of May

The Greek Heritage '88 Queen and her court will be selected and crowned, Sunday, May 1 during an elegant ceremony at the Knickerbocker Chicago Hotel, 163 E. Walton, Chicago.

The pageant will begin at 2 p.m. and is open to the public. Admission is free.

The Greek Heritage Queen will represent the Greek American Community at various events and celebrations scheduled for Greek Heritage '88. Greek Heritage '88 is sponsored by the United Hellenic American Congress (UHAC), Greek Orthodox Church Cm-

munities, and the Greek American Organizations of the greater Chicago metropolitan area.

Schedule Dells trip

A day trip to the scenic Wisconsin Dells is scheduled for Saturday, May 14. Sponsored by the College of Lake County, participants will tour the historic Wollersheim Winery, visit the Circus World Museum in Baraboo, and enjoy a Wisconsin Dells boat ride.

The tour will leave CLC at 7 a.m. and return by 9:30 p.m. Interested persons should register before Friday, May 5. Call CLC's Adult and Continuing Education office at (312)223-3616 for more information.

Teen dances her way into group; hopes for ballet entry

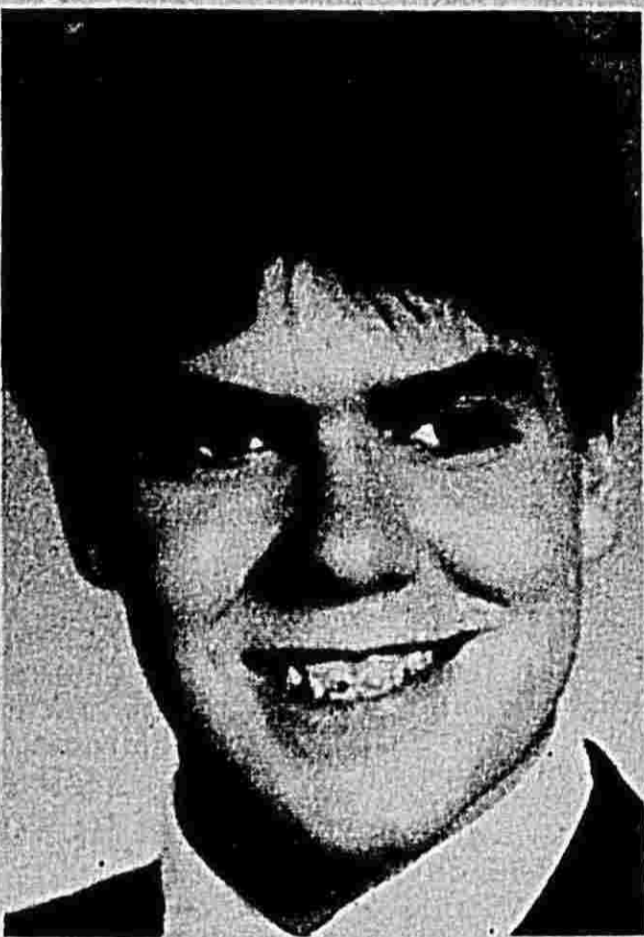

Angelique Muchka

Ballet student Angelique Muchka, 13, of Mundelein will be performing with the Lake Shore Dance Theatre May 6 and 7 at 8:00 pm and May 8 at 3:00 p.m.

Muchka, daughter of Michael and Barbara Miszewski, is an eighth grader at St. Johns Lutheran School in Libertyville.

She auditioned for the Dance Theatre in March and has been rehearsing her part for the May ballet production of the Tsychofsky's "Autumn Songs." The Dance Theatre will perform the ballet at the Gordon Community Center in Lake Forest.

Muchka auditioned for the Milwaukee Ballet School on Saturday, April 23 and expects to hear the results in June.

Wins scholarship

Eric DesBiens, son of John and Geraldine DeBiens, Antioch, has won scholarship to Southern Illinois University, Carbondale. He has been in band all four high school years and was selected an Illinois State Scholar by the Ill. State Scholarship Commission.

Wins IDOT award

Michael Kaminen, left, Grayslake, receives safety award during Ill. Dept. of Transportation dinner for recording no accidents or loss of time for injuries in last five years. Only eight people were so honored in IDOT's Dist. One, which covers six county areas. Dist. Maintenance Engineer Charles Schroeder congratulates Kaminen.

Seniors donate

The members of the Antioch Senior Center donated \$500 that they raised at their rummage and craft sales towards the cost of the new siding just put on the older part of the center by the village.

People

Tutors at confab

Tutors Al Hernandez, left, and Alba Marillo, shared teaching methods and studied learning styles at Conference for Volunteer Literacy Tutors held at College of Lake County. More than 150 tutors from Lake County and across state attended.

Coffelt sings

Lake County Circuit Court Clerk Sally Coffelt sings along with Chain O'Lakes Sweet Adelines in rehearsal for big Region 3 contest on May 6-8, in Grand Rapids, Mich.

Honor Hodge

The Lake County College Board of Trustees has named James Hodge of Grayslake the 1988 Outstanding Faculty Member at college.

Tops at St. Therese

Rosemary Winegar, Waukegan, was awarded 1987 Volunteer of year award at annual St. Therese volunteer dinner. She had been volunteer since 1986 working in materials management department.

Ex-patient crams her life with volunteer serving

Early in the morning, three days a week, Margaret (Marge) Talley dresses and heads down the road from her Zion home to Waukegan's Victory Memorial Hospital. At Victory, Talley is a volunteer working with the staff of the Senior Support Unit.

She makes beds, distributes water and fruit juices, obtains supplies for the nurses, and generally cheers the patients. Talley is an important asset to the staff.

Volunteering 15 hours a week to the hospital doesn't make Talley all that different from the other 400 individuals who routinely volunteer their services to the patients and staff at Victory Hospital.

What makes her special is that the 53 year old Talley has suffered four heart attacks, four by-pass operations and finally a debilitating stroke. However, she is fighting her way back and in the process has developed a strong sense of purpose through her self-initiated desire to help others.

Talley's eight children are grown with families of their own. The effects of her stroke are still apparent in her impaired right arm and leg and in the slow, thoughtful way she searches for words.

"My life is changed," Talley said. "Volunteering helps me make a life on my own."

On Monday, Wednesday and Friday mornings, Talley arrives at the hospital and dons her pink volunteer smock in time for her 9 a.m. to 2 p.m. shift. During the day, Talley makes beds with only the use of her left arm.

She prepares the ice cart and wheels it down the hallways of 3-West, stopping at each room to distribute fresh drinking water, share a smile and a cheerful good morning. Little things like tucking in a bed-cover for a stricken patient or brushing a wisp of carefree hair off a tired face make Talley special to the people she helps every day.

"I like helping people. It is so rewarding if you can do for somebody else. I get a high from helping other people," she said. "But I can't help as much as I would like to because of my stroke."

Talking to patients and their families is Talley's biggest accomplishment. Not only for the peace of mind she can offer the spouse of a recent stroke victim or the friendship she can offer to a bedridden senior citizen, but because speech does not come easily for her.

"I talk all the time. For six months I couldn't talk at all," Talley said. "Now, people tell me things and I'm learning many things from the people I meet. I also tell the families to look at me. And I talk to the families when someone dies. I cry with them."

For all the adversity Talley has endured over the last three years, her outlook remains bright. Upon meeting her for the first time on a dark, dreary day, a visitor was told, "I see the sunshine every day." It is that optimism that Talley shares with the patients and staff at Victory Hospital.

Anyone interested in the hospital's volunteer program can telephone the volunteer office at (312)360-4127 for further information.

Victory volunteer fights back

Marge Talley, 53, one of 400 volunteer workers at Victory Memorial Hospital, works 15 hours a week with senior support staff. After suffering four heart attacks, she has gained self-initiated desire to help others.

Lakeland WEEKEND

Sweet Adelines get ready

Getting ready for competition are Chain O'Lakes Sweet Adelines. In front, from left are, Betty Nieme, Mary Jane Boellens, Marlene Roberts and Harriet Bell.

In rear left are, Lynda Liberatore, Olga Detogne, Catherine Kaping, Curi Cantencamp, Marge Ehrhardt, Anna Mae Oziki and Mickey Schmidt.

Rock Tracks

RCA recording artists Kings of The Sun are quickly seeping into radio consciousness. Recently, *Radio & Records* — and a number of music biz publications — reported that *Serpentine*, the band's first single from their self-titled LP, was the number one most added at AOR. It's not hard to figure out. This is an enormously talented band whose debut album was produced by the renowned Eddie Kramer (Led Zeppelin, Kiss, Ace Frehley and Jimi Hendrix' *Electric Ladyland*).

Clyde Criner's RCA/Novus debut *Behind The Sun* album, features a special fusion of sophisticated technology with rock, jazz and classical elements, performed by big name guests such as Carlos Santana. What you'll hear on his original compositions (in addition to his various uses of pianos and synthesized keyboards) is the signature wail of Carlos Santana's guitar on songs such as "Black Manhattan" and "Kinesis," and Omar Hakim's and Marcus Miller's drums and bass on "A Song To Tell, A Tale To Sing." And others. Carlos, in fact, is such a fan of Clyde's, he has already agreed to appear as a special guest musician should Clyde Criner decide to tour.

All About Eve, whose lead singer Julianne Regan guests on "The Mission" and U.K.'s "Black Mountain Mist," has signed to Polygram with the album due in the U.S. May 31st. The self-titled debut is produced by Paul Samwell-Smith, the ex-Yardbird who has also worked with Cat Stevens and Carly Simon.

Barber Shop Heritage Museum will open in Kenosha April 30

An antique barber shop, flashbacks to the minstrel and vaudeville shows of the Gay Nineties, pictures of quartets from the Land O' Lakes, and other historical memorabilia will be featured at the opening of Heritage Hall Museum of Barber Shop Harmony to be held from 1 to 4 p.m. Saturday, April 30.

The new museum is located at 6315 Third Ave. in Kenosha, at the international headquarters of the Barber Shop Harmony Society.

The public—especially lovers of barber shop harmony—is invited to attend the opening. Refreshments will be served, and barber shop quartets

will entertain visitors.

The museum opening is part of a year-long celebration of the golden anniversary of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America (SPEBSQSA).

The new facility will preserve the 50-year history of the society, which was founded in Tulsa, Okla., in 1938.

The opening display will include an introduction to the Barber Shop Harmony Society. A diorama will depict the flavor of the golden age of barbershopping—from the 1880s to the 1920s—and feature writings and souvenirs of the society's founders.

Other museum displays will describe what barber shop harmony is and show, with examples of original sheet music and cylinder records on an old, wind-up phonograph, the songs that barbershoppers sing.

Methods used by the society to preserve the barber shop style of music will be highlighted, with samples of materials used by music educators at craft sessions and schools.

An old-fashioned gazebo in the center of the main museum room will depict society conventions, from the first one at the Tulsa Hotel in 1939, to the present. Photos of top choruses and quartets that the organization has produced through the years will be displayed.

The museum contains a collection of shaving mugs, donated by the late Thurlo G. "Red" Masters of Detroit, along with period barber tools and a 150-year-old barber chair. The barber tools are part of a collection assembled by the late Louis C. Totts, who was a Kenosha barber.

A display entitled "Yours in Song and Service" will feature the community service and entertainment performed by Society musical groups. A section will deal with the Inst. of Logopedics in Wichita, Kan., the society's United Service Project, which treats speech defects and other communication problems in children and adults throughout the world.

Another section will pay tribute to the thousands of USO shows and other performances by quartets entertaining U.S. troops overseas. The museum will include a history of the society's Land

O' Lakes Dist., which encompasses the states of Wisconsin, Minnesota and North Dakota, the Canadian provinces of Alberta and Saskatchewan, and a portion of Ontario.

At Heritage Hall, a national art form will be preserved and protected. The museum and archives will be a repository for safekeeping of the memorabilia that barbershoppers have collected over the years.

After the opening, work will continue as the museum's collection of artifacts and documents is inventoried and cataloged. Special attention will be given to proper preservation and storage of the museum's archival collection.

The archives aspect of the museum is perhaps not as exciting to barbershoppers and the general public as the historic displays are, but it will be an important part of the facility.

Heritage Hall will include a main display area with permanent exhibits, plus as area for rotating displays. A curator's office, archival storage and a workshop are also included. Future displays will focus on such things as championship quartets and choruses, the story behind barber shop songs, barbershopping on radio and television, quartets in comic strips, the history of the society's headquarters building and other topics of interest.

Ultimately, the sounds of barber shop singing will be preserved, as well. Audio and video tapes will enable visitors to hear sounds ranging from the Bartlesville Barflies, first national quartet champs, to the West Towns Chorus from Lombard, Ill., who are the current chorus champions.

Heritage Hall will be a place where barbershoppers and their families and friends, as well as researchers, historians and the general public can come to study and learn about the native American art form that is the basis of the hobby of barbershopping.

Chairman of the society's museum committee is Dan Waselchuk of Appleton, Wis., who served as international president of the society in 1964.

Museum director is Harry Purinton, a retired naval architect, of Sturgeon Bay, Wisc. Curator of the museum is Ruth Blazina-Joyce of Kenosha.

Thieme coming to Adler

Art Thieme, singer, folklorist, and paronomasiac raconteur extraordinaire, brings his inexhaustible trove of great songs and terrible puns back to the stage of the David Adler Cultural Center for two shows, at 7:30 and 9:30 p.m., on Friday, May 6.

A perennial favorite of folk fans from Oklahoma to New York, the Illinois-based Thieme is famous for his unerring taste in sharing with his audiences the best and "truest" of songs about real people and their lives, whether old and traditional ballads or more recently composed "story" songs - and equally notorious for inflicting upon them the most outrageous tall tales and puns he can unearth.

He was an originating co-host of the "Flea Market" folk program on National Public Radio (WBEZ, Chicago; now discontinued); appears regularly at folk clubs and festivals throughout the midwest, southwest, and east coast; and for more than 20 years, has worked in Chicago-area schools as a teacher of folk traditions, introducing young people to the joys of homemade instruments and do-it-yourself music.

Thieme has recorded two albums on the Kicking Mule label and two on Folk-Legacy records, and a cassette tape of Mississippi River songs.

Sharing the program and swapping songs and tunes with Thieme will be

Fritz Schuler, another fine traditional musician and educator and proprietor of the Golden Ring Folklore Center in Manitowoc, Wis.

The David Adler Cultural Center, 1700 N. Milwaukee Ave., Libertyville, is a non-profit organization. For information call (312) 367-0707.

Model power boat group plan races

Model power boat enthusiasts from throughout the Midwest will race their boats May 22 at Lambs Farm in Libertyville. Races begin at noon and continue through late afternoon.

International Model Power Boat Assoc. (IMPBA) members will race radio-controlled power boats at speeds of 30 to 60 m.p.h. on Lambs Lake. National speed record holders from Illinois, Indiana, Michigan and Wisconsin will compete. Interested IMPBA members can race by contacting Gary Preusse at (312) 279-2451. The model boat races, sponsored by the Minute Breakers Radio Control Model Boat Club, are free to the public.

Adelines set for competition

Chain O' Lakes Chorus of McHenry and Lake Counties is ready to take on Region Three competitors in the annual spring competition of Sweet Adelines, being held in Grand Rapids, Mich., on May 7.

The gals have been polishing those bar-

bershop tones, snapping up tempos, and whipping out choreography for months in preparation

for this event. Not only songs and showmanship have required time and

energy, but new costumes have been cut,

sewed and sequined; new

makeup has been researched, purchased

and demonstrated; and all bosses have been notified that their Sweet

Adelines are off and singing the first weekend in May.

Lakeland TRAVEL

Mexican cruise sails on May 14

Anyone can still enjoy a fantastic seven-day adventure at a fantastic price—the Lakeland Newspapers-sponsored cruise to the Mexican Riviera—if they act quickly.

The cruise sails on Saturday, May 14, and Admiral Cruises can no longer hold unconfirmed space aboard the MV Stardancer.

But they will protect the unpublishable, low, all-inclusive Lakeland Newspapers price on a space-available basis. The cruise is selling out fast at its

regular price, and in a short time all the cabins will be gone.

The special Lakeland price includes airfare from Chicago to Los Angeles, transfers to and from the ship, sumptuous meals and snacks and all ship-board activities. The ports of call include Puerto Vallarta, Mazatlan and Cabo San Lucas on Mexico's spectacular west coast.

Call now, and if there is space left, booking can be made on the spot. Phone (312) 724-7354 or (312) 948-9116.

Cabo San Lucas is last Lakeland port of call

by MARY O'BRIEN

The third and last resort that passengers on the Lakeland Newspapers cruise will visit is Cabo San Lucas, a place often called the best-kept secret in Mexico.

Located at the very tip of the Baja Peninsula, where the Sea of Cortez meets the Pacific, the land and seascape here is spectacular.

Looming, lunar peaks line the coast and are surrounded by silent desert. The air is sun-drenched and bracing.

The white sand beach goes on for 20 miles and one will find both huge waves for surfing and hidden coves for snorkeling. For experienced divers, there is the mystery of Los Cabos' underwater "sandfalls". Even Jacques Cousteau was unable to solve the riddle of these unusual cascades of sand.

Above water, there's a tropical lagoon teeming

with over 200 varieties of birds. The offshore Friar's Rock is often covered with sea lions and pelicans basking in the sun.

What has become a symbol of the area, El Arco, is a natural arch carved out of the rocks rising from the sea where the two bodies of water meet. It can be viewed from the shore or from an excursion boat.

Passengers of the Lakeland Newspapers' sponsored cruise will have difficulty deciding how to spend their last morning in Mexico. They might breakfast at the popular Giggling Marlin, a restaurant overlooking the marina in town. Or arrangements can be made for sportfishing in what deep-sea fishermen call "Marlin Alley".

Cabo San Lucas is the marlin capitol of the

world and the world record, a 919-pound striped marlin, was caught here. Other fish include sailfish, swordfish, tuna, wahoo and makos.

There is one thing the Lakeland cruisers can't miss—when a cruise ship docks, a "tianguis", or native market is set up right on the beach. There are also shops in town like La Paloma or La Cucaracha de Oro, where the Mexican handicrafts are of good quality and at bargain prices.

Spaces on the Stardancer can no longer be guaranteed for the Lakeland Newspapers' May 14 sailing, but as of this writing there were still some cabins available at the low Lakeland group price. Call (312) 724-7354 for information.

Bargain in Mexico

By: JIM WARNKEN, PRESIDENT
NORTH STAR TRAVEL, INC.

Your dollar will get you 2,331 Mexican pesos. So let's run down to Acapulco and scoop bargains!

Sadly enough, you'll find the prices at Mexico's resort towns not likely to reflect this favorable exchange rate. If the peso falls ten percent, the stores in Cancun will quickly raise their prices ten percent. Your hotel room is usually quoted in U.S. dollars, so that's not going to help. So where can you take advantage of the sliding peso?

How about Mexico's capital? True, you'll not find the white sandy beaches of Puerto Vallarta. What you will find is about 40 American greenbacks will get you a night in a top hotel! You'll also find excellent buys on anything from silver to hammocks. A taxi ride could cost you less than a bus ride back home.

But to advocate Mexico City only for her bargains would be a sin. This ancient city of the Aztecs has so much more to offer.

Where else could you find an Aztec temple in a subway station? (It was unearthed during excavation of the line, and the government decided not to move it. It's at the Pino Suarez Station).

Just north of Mexico City you'll find a pyramid larger than the Great Pyramids of Egypt. It's one of several at the Pyramids of San Juan, Teotihuacan.

On your way to the pyramids, stop at the Basilica of Our Lady of Guadalupe. More than 200,000 miracles have been attributed to visits to this shrine. As Paul Harvey would say, the "rest of the story" is that on this very spot once stood a shrine to Tonantzin, the mother of the Aztec gods.

Ever wonder where the Monarch butterflies spend the winter? Head towards Toluca, west of Mexico City. You'll find the pine trees along the way covered with these orange and black butterflies. They are said to have evolved here thousands of years ago and return every year.

By all means, visit Mexico's beaches. But don't miss the real Mexico.

Midway drive well worth it

Lakeland travelers may find the longer drive to Midway well worth it for a number of reasons, according to Sandra Allen, an executive of Midway Airlines.

"Airlines at Midway often offer a lower fare or a more convenient departure time to many U.S. cities and foreign destinations like the Bahamas and the Virgin Islands.

"Parking at the airport is easier and less congested, and short walks to gates will help you make up time spent driving to Midway," Allen suggests.

Joins organization

Dwight C. Buchholz, son of Keith and Madge Buchholz of Gurnee, is a member of the Social Services Organization at Lake Forest College. The purpose of the organization is to provide students with opportunities for community service through volunteer work. Examples include aiding handicapped children, sponsoring parties at homes for the elderly and conducting field trips to social agencies.

College Notes

Todd Parola, a Grayslake Community High School graduate, is continuing to contribute to the success of the Indiana University baseball team.

Parola, in 16 games, has eight hits in 11 at-bats for a .258. He has scored nine runs for the Hoosiers. Parola is also helping defensively, as he has a .917 fielding average. Indiana was 26-11, 3-9 in the Big Ten heading into this week.

At Madison, Wis., David Wings of Mundelein participated in the spring football game for the University of Wisconsin April 23. Wings is an inside linebacker for the Badgers.

At Augustana College in Rock Island, Scott Johnson, an Antioch High School product, has completed his first two rounds for the golf team. He has an 83 average with his best an 80 score. Augustana is 5-3 in dual meets this season.

Rams consider lights

Now that Wrigley Field will be having lights, why not Grayslake High School?

The Rams may be playing football games at night this fall. Grayslake will be hosting a meeting of its lights committee to discuss the financing of the project at 7:30 p.m. on May 4.

Gymnastics earn honors

The Class II girls team from the Gymnastics Spot in Mundelein returned from the state meet with a third place team trophy and a score of 199.40 points. The meet was held April 16 and 17 in South Chicago Heights.

Individual awards in the children's division, ages nine through 11, went to Alison Galatte of Buffalo Grove. Galatte earned scores of 17 on the vault (fourth place); 16.35 on the uneven parallel bars (fourth); 15.20 on the beam (fifth); 16.80 on the floor exercise (second) and an all-around score of 65.35 (fourth).

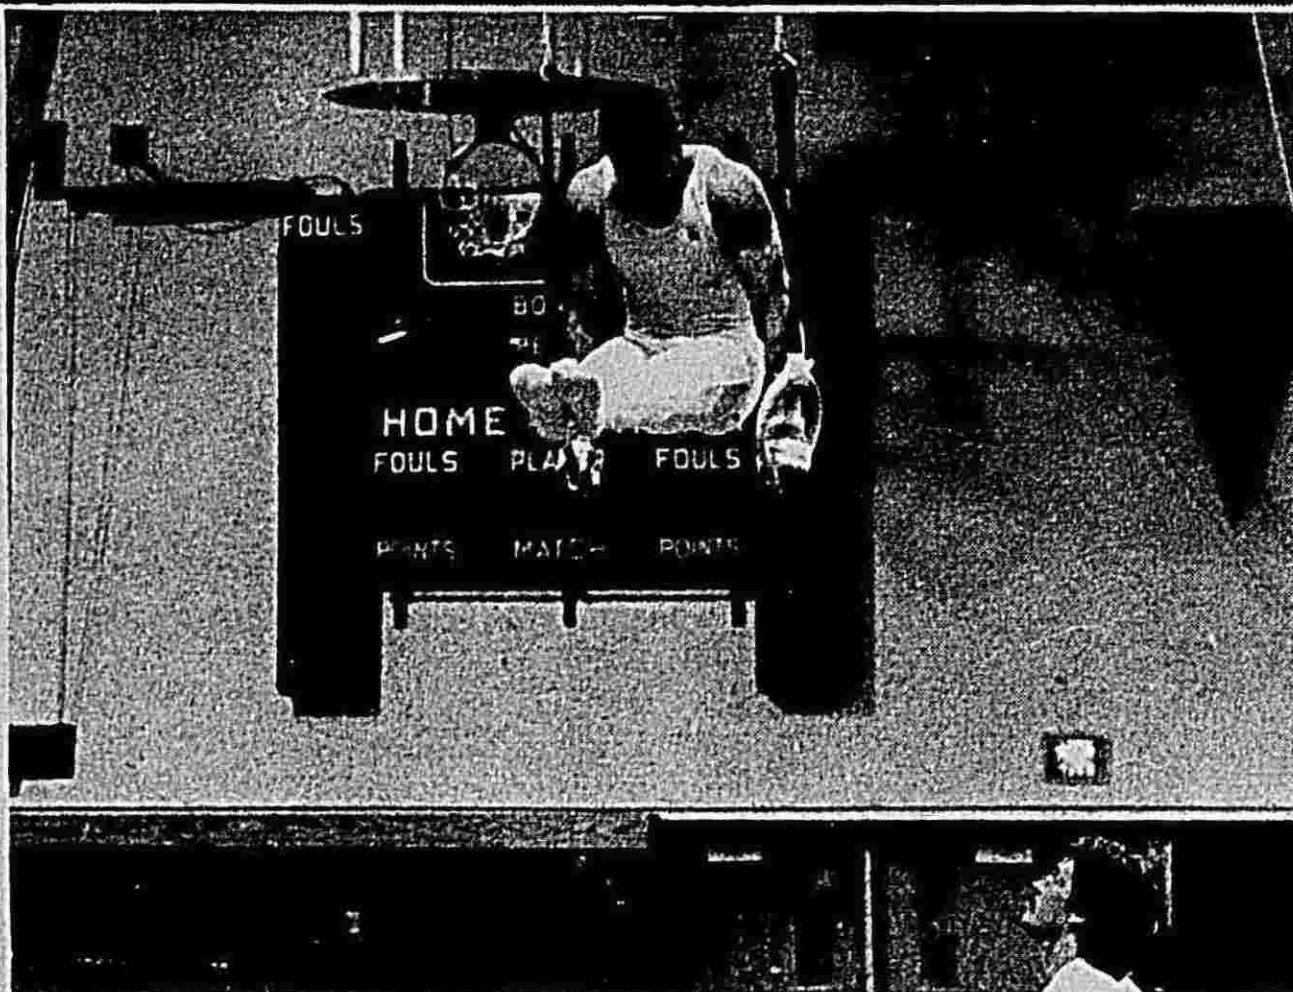

In the junior division, age 12-14, Erin Konen of Hawthorn Woods scored a 16.25 on the vault, 15.0 on the beam, 16.20 on the floor and an all-around score of 63.10. Bea Selz, of Waukegan, scored 16.0 on the vault, 17.50 on the bars (second place), 13.8 on the beam, 16.75 on the floor exercise and 64.15 for the all-around. Sarah Mikrut of Lake Zurich earned scores of 16.75 on the vault, 17.10 on the bars (fifth), 16.25 on the beam (third), 16.90 on the floor exercise (fifth) and 67 on the all-around (third).

Galatte and Mikrut achieved additional honors as their all-around scores advance them as members of the Class II team. This team was chosen by taking the top 22 gymnasts at the state meet. The girls will travel to the University of Notre Dame to compete at the United States Gymnastics Federation Region V meet on May 7 and 8.

Starts tourney season

Dug Out Park in Trevor, Wis. has begun its tournament season.

The annual Memorial 12 inch tournament will be held on May 28, 29 and 30. This is a double elimination tournament with an entry fee of \$75. For more information, contact tournament director Tom Furlan at (312) 395-5788 or (414) 862-9936. The park is located on Hwy. 83 two miles north of the Illinois-Wisconsin state line.

Concentration

Carmel gymnast Joe Boehm shows concentration as he competes on the rings during match at Mundelein against Glenbard North, Elgin Larkin and Mundelein. Mustangs and Corsairs compete in regional action May 4.—Photo by Alon Jeffrey.

Corsairs rebound, hoping for more league victories

Sometimes, coaches don't have to give inspiring pep talks after a disappointing loss. Fortunately for Carmel Coach Joe Pudlo, Saturday's second game against St. Joseph was one of those times.

"Our kids were not happy with the way the first game went. They came out, I thought a little bit more aggressively, and attacked rather than watched things happen. That was the difference. We came with the idea that we were not going to leave today without at least a split.

Carmel will be hoping to continue its winning league ways at Holy Cross on April 30 in a doubleheader and then at home against St. Patrick May 2.

Carmel had won 12 of 13 non-conference games before the day dawned cloudy, rainy and cold in Mundelein. Down the street, the Warren-Mundelein doubleheader was called off. The first game was not much better than the gloomy weather picture and the Corsairs lost 4-0. The hosts then jumped off to an 8-0 lead after three innings in the second contest to gain a split in day one of the East Suburban Catholic Conference season.

The Corsairs took charge against St. Joseph in the very first inning of the nightcap. Leadoff hitter Ricky Splitt singled, stole second, went to third on an error on the catcher and scored on a Scott Stahoviak ground ball out.

In the second, a wild pitch and a single by Erik Bruksch provided two more runs.

The third inning was when Carmel scored five runs that in the end, would be necessary by a St. Joseph seventh-inning rally. Dave Lisi singled home the first run, Bruksch netted another tally with a single and a third scored on a ground out. The St. Joseph catcher must have thought he was seeing double as Ricky and Randy Splitt, identical twins, both had back-to-back triples which upped the margin to 8-0.

Both Splitt brothers were two-for-three in the win. Paul Ostrowski finished his hitting tear of the week by also notching two safeties in three tries.

"He is a very solid offensive player and he has been improving steadily on defense," Pudlo said of Ostrowski.

Carmel pitcher Greg Weber kept the Chargers off balance as he pitched and came away with the win.

The Corsairs did have their chances in the opening game loss to the Chargers.

After spotting the visitors a 1-0 lead in the first, two runners reached base in the hosts half. Randy Splitt reached on an error and Stahoviak walked, but a pop out and a strikeout ended the inning.

Carmel's best chance came in the third when they had three baserunners but failed to score. Ricky Splitt reached on an infield hit, stole second and Stahoviak singled. But Ricky Splitt was out trying to score on the play. Ostrowski later singled, but a strikeout ended the inning.

CLC baseball hopes to finish with flourish

One thing can be said about the College of Lake County's 1988 baseball squad.

Hitting is not a concern. In fact, the Lancers at one point were second in the state with a .371 team batting average. But CLC and Coach Ken Molinari are finding out what clubs have found out since Abner Doubleday invented the game with nine players more than a century ago: that hitting alone does not a successful team make.

"We're hitting the ball well. We are just making dumb mental mistakes," Molinari said.

The Lancers dropped to 11-13 overall and lost six of their first eight Skyway Conference contests. CLC hopes to end

all that and finish the regular season on a bright note when it hosts Wright April 30. Game time is at noon at the Grayslake campus.

Grant product Jim Taylor leads the attack for the Lancers and the freshman has had a better than .500 batting average. "He has a real nice swing and gets the line drive hits. It's the old saying- hit 'em where they ain't," Molinari said of Taylor.

Injuries to key players has forced Molinari to play musical chairs with his lineup sheet every day. Injured or once injured this year include for position players - right and center field, catcher and first base. ... made a lot of changes over the past week. Defen-

13 proves lucky for Grant's Brace

Let's face it.

The number 13 is not a popular number. Hotels don't allow 13th floors, entire clubs are formed around Friday the 13th. Cheap horror movies are made with the number in the title.

But don't tell that to Grant pitcher Becky Brace.

Brace started a Northwest Suburban Conference game against Johnsburg by striking out the first five Skyhawk batters and never let up. In the end, the senior had 13 strikeouts against just three walks and the Bulldogs had a 10-0 six inning win.

"I'm really more accurate this year," Brace said.

And Coach Sue Richardson, whose team improved to 4-0 in the NWSC, agreed.

The Bulldogs were 6-5 overall heading into this week's games after overcoming a slow non-conference start.

"I pitched everybody the first four games," Richardson said.

And Brace did not get off to a rousing start, walking 11 opponents in the season-opening loss to Warren. But since, the number of walks has been steadily declining.

Brace has registered 75 strikeouts against just 13 walks since the season's start.

Brace, who allowed just one hit against the Skyhawks, has been powerful at the bat, too. She contributed two hits in four at-bats against Johnsburg and has 10 Runs Batted In in the last four games for Grant.

Grant, which faces a key NWSC game against Grayslake in Fox Lake May 2, is a team which knows its goals.

"This group really wants to win the conference," Richardson said.

The Bulldogs beat Warren for the Antioch regional tournament last year, but with a one-pitcher force. Tammy Loring was Grant's mainstay last year. An injury has slowed her down this season, but Richardson said she is expected back this week. That would give the Bulldogs a one-two punch for the stretch drive.

In addition to the pitching strength, Grant had a strong hitting attack against Johnsburg. The Bulldogs pounded out a dozen hits, scoring one in the first and three in the second and third innings. Two runs in the fourth set up a possible 10-run rule win in the fifth, but the hosts had to wait an extra inning.

Janet Selle was three-for-three with two RBIs. Kris Scott was two-for-four with an RBI. Leslie Mroz had a double and single and RBI and Michelle Gorham contributed two hits and a pair of RBIs.

sively we have been struggling," the coach said.

Warren High graduate Tom Thompson is the leading pitcher for CLC, winning three games in four decisions. Doug Sparks, a Round Lake product, was 2-2 and Mike Bock, from Libertyville, was 2-1.

Following the league game against Wright, the Lancers compete in post-season sectional play.

CLC split with Elgin, winning the second 7-4 after losing the first 17-7. Mike McDonald was two-for-two with two runs and three Runs Batted In, Jerry Brown was two-for-three with a double and a home run as Thompson picked up the win.

Sequoits look to break skid, NSC loss skid, zap Zion-Benton

Antioch Coach Rich Brown and the Sequoits are hoping to get back in the North Suburban Conference baseball

race. And quickly. Four losses last week dropped Antioch to 1-5 in league play, 5-9 overall. The Sequoits, thanks to

getting all league games in, have a few days off before resuming league play by hosting Zion-

Benton at 4:30 p.m. on May 3.

Antioch lost both contests to Mundelein, the second when the winning run scored on a hits-batsman and things did not get much better in 5-3 and 5-1 losses at Niles North that fit into categories of "if it's not one thing, it's another."

"Both were equally tough to take," Brown said of the losses to the Vikings.

Niles North scored three times in the first inning but Antioch cut the gap to 3-2. Niles North,

though, scored single runs in the fourth and fifth to take a 5-2 lead.

"We had a lot of opportunities but we did not cash in on them. We had runners in scoring position but could not get that RBI hit," Brown said.

Antioch actually outthit Niles North 10-8.

Brown sent his top pitcher, junior Dan Grote against Niles North's best, Eric Slowick, for the second game. The strategy seemed to work for six plus innings as the two teams were tied at 1-1.

And Grote got two outs in the top of the eighth but Niles North had runners on base. The Sequoits looked to be assured of a win when a Niles batter hit a ground ball with two out. An error led the winning runs to score. A tired Grote then allowed three straight hits and Niles suddenly led 5-1.

"We have a nucleus of a good pitching staff. Good things are happening on the mound. We just have to stay positive," Brown said.

Johnsburg seeks elusive wins in Northwest play

Eric Pulk now has a niche on the Johnsburg baseball team.

"He pitched in relief one other time but he looked real good. He'll be a regular starter now," Johnsburg Coach Wayne Hiller said of Pulk.

Pulk, a junior, earned a victory in Johnsburg's 7-5 win over Richmond-Burton on a cold Saturday afternoon in Sunnyside. The victory doubled Johnsburg's win total at two in eight games. The Skyhawks were winless, though in their first four Northwest

Suburban Conference games. The team will be seeking to better their standing in the league when one of the early league leaders, Grayslake, visits JHS on May 2. Game time is 4:30 p.m.

Against Richmond, the Skyhawks spotted the Rockets a 4-0 lead in the fourth but answered with a four-spot in their half of the fourth. Johnsburg, though, added three runs in the next two innings to claim the win.

Johnsburg Coach Wayne Hiller knows that

if his club is to make waves in the final month, experience will be a factor.

"The improved play of our juniors," Hiller said when asked about keys to the rest of the season.

Before the win over the Rockets, Johnsburg trailed 5-0 in the first two innings and could not come back in a 11-7 loss to Round Lake.

Round Lake's Tim Unroe and Todd Collis highlighted the first inning with triples.

The Panthers outthit their guests 13-5.

Youth baseball honors organizers

Playball! That's what those attending opening day ceremonies for the 1988 Antioch Girls Softball and Boys Baseball leagues will be hearing on Sunday, May 1.

Opening Day will honor some of the people who were instrumental in forming Boys' Baseball and Girls Softball. Ceremonies will begin at 12:30 p.m. Otto Christensen, Otto Hanke,

Jack Fields, Bill Wolfenbarger, Sue Koppa and Ellen Kessler will be honored.

The first game will begin at 1 p.m. and will feature the First National Bank versus Provincial Builders. Then at 3 p.m. the Girls Softball team play will feature Murphy versus Heath. The last game will begin at 5 p.m. with Lyons and Ryan taking on Hodak Builders.

Chicago Medical School planing family-oriented race

The University of Health Sciences-The Chicago Medical School has announced that its seventh annual fitness footrace will be held on Sunday, May 1.

All the proceeds will once again go to Lambs Farm in Libertyville. The race will begin at 9 a.m.

The race, traditionally a freshmen class project in conjunction with the student council, attempts to bring together all segments of the local and Lake County community in a fun-filled day which includes a picnic, musical entertainment and community fitness.

According to Erik Sieversten, a freshman at CMS and coordinator of this year's race, prizes will be awarded in the five different male and female age divisions, including trophies for

first, second and third place finishers. All participants and staff will receive a specially designed t-shirt for their involvement. Sieversten indicates he hopes to draw between 400 and 500 people as runners.

The 10 kilometer (6.2 mile) course, which is The Athletic Congress certified, encompasses Rte. 137 and passes by the Veterans Admin. Hospital, winding around into North Chicago and Lake Bluff. Fee for pre-registration entrants is \$8 prior to April 28 and \$10 thereafter, including the day of the race. "This is intended to be a family-oriented event, designed to stress the importance of fitness but also to point the importance of community goodwill. Our age division will include male and female 18 and under; 19-29; 30-39; 40-49

and 50 and above".

Sieversten says that entry forms may be obtained through the office of the student affairs at Chicago Medical School, (312) 578-3294 or at Lambs Farm at (312) 362-4636.

Patriots to make NSC waves

Stevenson's baseball team will be looking to leave its mark on the midpoint of the North Suburban Conference race when the Patriots travel to Gurnee to face Warren May 3.

Game time for the first of two in a home and away series is 4:30 p.m.

It was demonstrate to the Pats just how balance the NSC league race is this year

Perfect Musselwhite dazzles 'em

Perfection. It's something everyone strives for, but few achieve. Unless you are Susan Musselwhite.

The talented Mundein High School pitcher dazzled all in attendance April 21 by pitching a perfect, yes perfect game in Mundein's 8-0 whitewash of Antioch.

"It was tremendous. It was a masterpiece. It was the best game I've

ever witnessed," Mundein Coach Jim deRivera said.

Musselwhite, who struck out 10 batters, was so effective that even the other side had to feel that they were witnessing something special.

"I had a feeling it would happen in the fourth inning. She was really in a groove. I have mixed emotions about it. It's exciting to see it happen but you don't

want it to happen to you," Antioch Coach Mike Gordy said.

The Sequoits best chance to break the historic performance - the first perfect game in Mundein history - came in the third. Second baseman Kim Shark dove to field on a hard-hit grounder.

"That was a major league play," Gordy said.

"That play saved the

day," deRivera said.

The coach said Musselwhite has been using a rise ball this year to go with her more established pitches.

"She is throwing harder and faster this year. She utilizes her changeup to perfection," deRivera said of Musselwhite.

The win kept the Mustangs tied for first with Fenton and Libertyville in the North

Suburban Conference with 4-0 records. The Mustangs are 10-1 overall and deRivera is hoping that momentum can continue into the final month of the season.

"We're hitting the ball well as a team," he said.

The Mustangs were led by Kim Shark with three hits in as many at bats and Holly Smith who had a double. Mundein, which beat Antioch 5-2 two days earlier, had

eight hits.

The Mustangs, while certainly led by Musselwhite, are not a one-pitcher team. Sophomore Lynette Kowalke has won her first four decisions. Cindy Shark, Kim's sister, has won a game for MHS.

Earns honors

Ritch Dembinsky of Wadsworth has made the honor roll at Monmouth College.

Errors prove pivotal to Grayslake, Lake Zurich

In baseball, a few bounces of the ball here and there can make all the difference in the world.

Lake Zurich's Bears can certainly attest to that and for that matter, so can Grayslake.

It was the Bears who benefitted from Grayslake miscues on Monday as

they scored five unearned runs in the fifth inning to stake a 5-4 victory. The win improved the Bears to 3-7 overall, 2-4 in the Northwest Suburban Conference.

That plus defense broke the four-game losing streak for Lake Zurich, before hosting

Stevenson in an away game on April 29.

"We've been struggling defensively the last couple of weeks," Lake Zurich Coach Kent Stocking said.

Jeff Sweet pitched five strong innings for the Bears, the coach said. Scott Krezeminski came in in relief.

Lake Zurich spotted Grayslake a 2-0 lead through three innings.

The fourth inning started harmlessly enough for the visitors as the first two batters were retired. Mark Baillie delivered the key hit, a two-run double which gave Lake Zurich a 3-2 lead. Sweet also had two runs-batted-in.

Mustangs, 'Devils to try to play twinbill again

What Mother Nature cancelled last week, Warren and Mundein will be trying again to do on April 30.

That is, play an important North Suburban Conference doubleheader. Mother Nature rained out the first attempt on Saturday, so the two teams will try again at Mundein beginning at 10:30 a.m.

The two teams had similar weeks last week. The Mustangs swept Antioch in two games while the Blue Devils topped North Chicago twice. In both series, the winner clubbed the loser in the first game but had to sweat out the second contest.

For Mundein, the 9-1 and 5-4 wins over Antioch improved its record to 3-1 in the North Suburban Conference and 7-2 overall.

In the first game against the Sequoits, Mundein scored one in the first, and after Antioch tied it, scored four times in the second for a 5-1 lead. Mundein added two in the fourth and single runs in the sixth and seventh.

Senior righthander Dave Smith picked up the win, striking out eight and walking four.

Rob Porcelius was the key to the Mundein attack. He had a home run, two Runs Batted In and three hits and scored

four times.

Smith had two hits and three RBIs, Tony Veechie two hits including an RBI triple and Jeff Wheeler had two hits.

In the second game two days later against Antioch, the Sequoits drew first blood, scoring a run in the first.

Mundein answered with a four-spot in the second. Porcelius tripled, sophomore Jim Casper singled and senior Dan Casper had a two-run single.

Antioch then chipped away over the next four innings and enjoyed a 5-4 lead entering the seventh.

April 29, 1988

LEGAL BIDDING REQUIREMENTS NTB Notice to Bidders

NOTICE TO: Bidders, Contractors and the Public BY THE: Village of Hawthorn Woods, 2 Lagoon Drive, Hawthorn Woods, Illinois 60047

REGARDING: Woodland Park, Playground Renovation

CONTRACT FOR: General Site Work

SEALED PROPOSALS: For the work as defined will be received by the Village of Hawthorn Woods at the office of the Village Clerk, on the 5th day of May, 1988 at nine-thirty a.m. o'clock local time.

The proposals submitted shall be for the furnishing of all labor, supervision, materials, tools, equipment, and all work incidental thereto as described in the specifications and shown on the plans.

The information for Bidders, Form of Bid, Form of Contract, Plans, Specifications, and other Contract Documents may be examined at the office of Leisure Concepts and Design, 300 W. Golf Road, Mt. Prospect, Illinois, or at the Village of Hawthorn Woods, 2 Lagoon Drive, Hawthorn Woods, Illinois, 60047

CONTRACT DOCUMENTS: May be obtained at: Village of Hawthorn Woods, 2 Lagoon Drive, Hawthorn Woods, Illinois 60047

SUBMISSION: Each bid must be placed in a sealed envelope, addressed to the: Village of Hawthorn Woods, 2 Lagoon Drive, Hawthorn Woods, Illinois 60047, and identified as: "Bid for General Site Work- Playground Renovation at Woodland Park."

The Village of Hawthorn Woods reserves the right to reject any and all bids and to reject the bid of any person or firms who, in its opinion, have not had sufficient experience in the type of construction on which they are bidding, or who is not provided with the necessary capital, materials, machinery and supervisory personnel to execute the work to be contracted.

488E-594-GEN
April 29, 1988

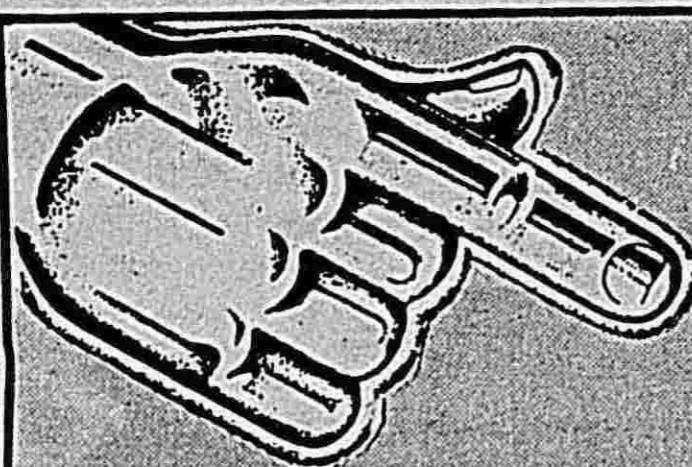

LEGAL NOTICE

Public Notice is hereby given that the Board of Education, Grayslake Elementary District 46, Grayslake, Illinois will receive sealed bids for:

1. Resurfacing of the Junior High blacktop area.
2. Sealcoating of (a) Avon School and (b) Lakeview School.

Bid specifications and general instructions may be obtained upon request from the District Office at 440 Barron Blvd., Grayslake, Illinois. All bids to be submitted to the District Office by 2:30 p.m. on May 5, 1988. Public bid opening will be held at that time. The Board of Education reserves the right to waive any technicalities or irregularities and to reject any or all bids or to accept the bid which will best serve the interest of the District.

WHAT IS 4-WHEEL ALIGNMENT?

Every car, rear wheel or front wheel drive, has an imaginary centerline. All four wheels must be parallel to this line for proper handling and tire wear. When either the front or rear wheels are not parallel you will have poor handling performance, increased wear on suspension parts and tires!

DO YOU NEED IT?
You should have a periodic alignment check to find out.

**COUPON SPECIAL
WHEEL BALANCE &
BRAKE INSPECTION**

Family Service marks 40th year of service

The 40th annual meeting of the Family Service Agency of North Lake County will be held at the Ramada Inn, 200 N. Green Bay Rd. in Waukegan on Friday, April 29 at 7 p.m. Tickets for the dinner are \$15.

Following the dinner, the annual meeting will take place, along with a program featuring four former members speaking about the four decades in which they served on the board. Musical selections from the last four decades will be part of the program, presented by a Lake County husband-wife duo.

Honorable Minard Hulse, retired judge in the Circuit Court of Lake County, will speak on the first decade of Family Service Agency's history from 1948-58. Hulse was a charter director of the agency, and helped with its birth. He is a much-sought public speaking figure in Lake County, and later this

year, will serve as grand marshall of Waukegan's summer festivities.

Mr. and Mrs. Glenn Reinier of Zion both served on the board during its second decade from 1958-68; Mrs. Reinier was president of the board. The Reiniers will speak about this period of growth for the agency.

Dr. Charles Culmer will discuss the third decade from 1968-78. As board president and long-time board member, he participated on the board during this period of rapid expansion for the agency.

Charles Heyward served on the board during its last decade from 1978 to the present. While serving as president of a major Lake County business, Heyward set a distinction as the board's longest-serving president. He will speak on the last decade of the agency's history.

State needs auto law

Secretary of State Jim Edgar said the support of Mothers Against Drunk Driving (M.A.D.D.) will boost the chances for approval of legislation to require that all drivers carry liability insurance.

"I value this help. This organization has been the conscience of those who drive. I want to join them in scoring another victory for responsible driving in this state," Edgar said in response to the group's endorsement of mandatory insurance legislation.

Drunk drivers too frequently are uninsured drivers, and the combination means that victims suffer financial as well as physical pain, Edgar said.

It isn't fair, the Secretary of State continued. Five million drivers in Illinois are insured. But they are at the mercy of the two million drivers who aren't.

Noting that 39 states have mandatory insurance laws, Edgar said, "It is time we catch up with the rest of the nation."

He said M.A.D.D. has been effective in providing the type of citizen lobbying that could persuade the

General Assembly to approve mandatory insurance legislation this spring.

"The momentum for mandatory is there at the grassroots level, among organized groups, even in segments of the insurance industry," Edgar said. "But much work needs to be done. Citizens must tell their legislators how strongly they feel about this issue. And if they do, I am optimistic that legislators will respond favorably."

Assessors select Kristan

Avon Twp. Assessor Gerald P. Kristan was elected to the state-wide board of the Certified Illinois Assessing Officers Assn. during the 30th annual workshop for Illinois Assessing Officers.

There were approximately 900 assessing officials attending the workshop held in Springfield in February and March. The workshop, sponsored by the Illinois Property Assessment Institute, was held at the Springfield Hilton and Ramada Renaissance Hotels.

Fourteen different classes covering 12 subjects were presented in the Prairie Capital Convention.

Wins honor

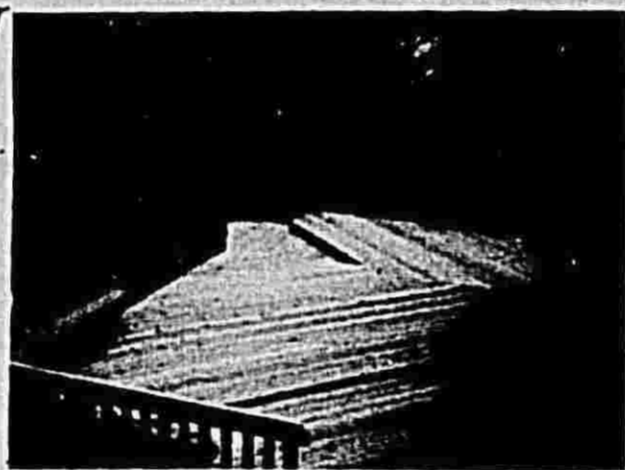

Linda Corder, a Grayslake resident, has been named Navy Exchange employee of the year. Corder is now in the running for the world-wide honor.

Tax bills are on the way

Like it or not, tax bills are on their way to residents of Lake County. They are now being processed by the office of County Treasurer Jack "Red" Anderson.

If all goes according to schedule, they will be in the mail the first weekend in May and will start arriving Monday and Tuesday, May 9 and 10.

Tax bills this year, like other years, will be paid in two parts; one half in May and the remaining half in September.

Processing of tax bills began this week with release of the property assessment equalization factor by the Illinois Department of Revenue. Like last year and every year since 1980, the factor is 1.000.

The equalization factor, often called the multiplier, is the method used to achieve uniform property assessments among counties, as required by law. "I did Roger Sweet, director of the state department of Revenue. He said this is important because some of 6,600 local taxing districts in Illinois overlap into two or more counties. If there was no equalization among counties, inequities could result among taxpayers with comparable properties."

Under a 1975 state law, property in Illinois should be assessed at one-third of its market value. Farm property is assessed differently.

In Lake County, assessments are at 33.57 percent of market value. This is based on sales of properties in 1984, 1985 and 1986.

The equalization factor assigned this week is for 1987 taxes, payable in 1988.

"This factor was the final piece of the puzzle we were waiting for before sending out tax bills," said Kenneth L. Larson, supervisor of county assessments. He has held that title for three years and worked in the same office for 19 years.

Valuation of the entire county rose this year to a record \$5,497,759,357 from last year's \$4,849,414,299. "Although assessments are up, I don't think you will see taxes go down" Larson said. "There are constant pressures on taxing bodies."

The equalization factor is determined annually for each county by comparing the price of individual properties sold over the past three years to the assessed value placed on those properties by Larson's office.

The equalization factor does not mean total property tax bills will increase or decrease.

The assessed value of a property determines what portion of the tax burden each taxpayer assumes. The individual tax bill is not changed by the multiplier.

Carmel walk for money

Carmel High School for Girls and Carmel High School for Boys will use a joint route, St. Mary of the Lake Seminary, for their respective walk-a-thon this week.

The date of Carmel High School's ninth annual walk-a-thon is Friday, April 29. Money from this student spring fund raiser will be used to fund a variety of projects for the two schools.

Over the past several weeks students have solicited pledges for their 10 kilometer walk-a-thon from relatives, neighbors, friends, and at times, each other.

Carmel High School for Girls plans to use the proceeds from this year's walk-a-thon to make a payment on the newly resurfaced tennis courts, and to join with Carmel for Boys in the purchase of a new school van. Past projects funded by the girls school walk-a-thon have included two new tennis courts, two upright pianos, new typewriters, a

public address system for the school, a guidance office computer and printer, a new front curtain for the auditorium, and computer room savings, enabling them to open a second computer room. Since the first walk-a-thon in 1980, has raised approximately \$100,000.

Carmel High School for Boys will use the proceeds from this year's walk-a-thon to purchase a van. Carmel High School for Boys has used walk-a-thon proceeds to install fencing around the athletic fields, purchase two 15 passenger vans, rebuild the weight room, purchase the first classroom of computers, renovate the football stadium, purchase new equipment for the science laboratories, and make a payment on the 36 IBM computers, refinish the gymnasium floor, and purchase uniforms and or equipment for various sports. Over the past eight years, the boy's school has raised a total of \$158,400 through their walk-a-thon.

Mobile health unit visits

The Lake County Health Department Mobile Health Service, supported by the participating townships, will be at the following locations.

Cedar Village Apts. (sponsored by Lake Villa Twp.) The May 4 clinic has been cancelled because of a health fair. Call (312) 360-6527 for alternate locations for

that week.

Grant Twp. Hall, 411 Washington, Ingleside, on May 5, 12, 19, and 26 from 5 to 8 p.m. Call (312) 587-2233 for further information.

- *Freelance Photographers

Lakeland Newspapers is expanding its news gathering/photojournalism force. If you are available to report evening meetings or take news photos of a variety of events in the Lakeland area, contact Bill Schroeder Sr. at (312) 223-8161 immediately.

Previous experience helpful but not essential. News writers can sharpen reporting and journalistic skills. Serious photo hobbyist can "break into" print and get the feel of photojournalism experience.

This is a great opportunity to test yourself in a competitive environment. We want to get acquainted with persons who enjoy working with words and/or pictures. Tell us about yourself. Call today.

MEMORANDUM

TO: SECRETARIES EVERYWHERE
FROM: MANPOWER TEMPORARY SERVICES
SUBJECT: SECRETARIES' WEEK

Congratulations, you did it again! You managed to type, process, correct and edit the many words and figures you were asked to put on paper. You operated word processors, typewriters, CRTs, transcribing machines, copiers, telephones and other sophisticated (and rapidly changing) equipment to get your job done. You answered phones, made arrangements, solved problems, and assisted in the administration of business. Your skills, poise, and attitude have accomplished a lot -- this week and every week!

You may be a Manpower secretary (there are hundreds of you in Lake County alone, hundreds of thousands worldwide) or you may work for one of the many other employers who are a part of Lake County's economic strength. Whatever your rank or position, in large firms or small, we set aside this whole week to honor you and your important contribution to the success of all employers.

Thanks for a job well done!
Cordially,
MANPOWER TEMPORARY SERVICES

THIS WEEK'S HOROSCOPE

BY SALOME

Weekly Tip: Use your financial pull only when necessary.

Aries (Mar. 21-Apr. 19) Things are shining up a storm on the workfront after all your hard work. Make sure you keep the initiative in your career matters.

Taurus (Apr. 20-May 20) The focus is on travel, new places, and personal desires. This should be a memorable and exciting time for you. People will seek your company now.

Gemini (May 21-June 20) Associates may be giving you the ungrounded; be careful. Do not be too preoccupied with personal difficulties. Keep emotions on an even keel.

Cancer (June 21-July 20) Feeling isolated? Not to worry, since things will begin looking up. Reassuring aspects can almost guarantee that you will be receiving good news shortly.

Leo (July 21-Aug. 22) You are protecting someone else at your own expense; stop this, it is too costly. Set greater goals for yourself and put operations into motion now!

Virgo (Aug. 23-Sept. 22) Watch your tongue. Whatever you say "can and will be used against you." The stars are pointing toward optimism and success. Don't alter your plans.

Libra (Sept. 23-Oct. 22) Sticky financial troubles have left you livid. Try to forget about it until expert help arrives. Don't waste your energy when you need to be constructive.

Scorpio (Oct. 23-Nov. 21) Concentrate on new opportunities. All is quiet on the homefront, so enjoy the peace. Contemplate your long-term goals and tackle them head-on.

Sagittarius (Nov. 22-Dec. 21) A clash of wills appears to be giving you second thoughts about a binding agreement. Overcome any narrow-minded associates and persevere.

Capricorn (Dec. 22-Jan. 19) Finalize important plans so the projects can get off the ground. A financial problem could be causing you distress. Let nothing hinder your ambition.

Aquarius (Jan. 20-Feb. 18) Keep your wits about you and score some major points in a financial arrangement. Stifle others' ideas that you may willing to sacrifice profits.

Pisces (Feb. 19-Mar. 20) View your romantic life with total honesty and objectivity. You haven't been outmaneuvered at the office, just played for a fool. Keep your eyes open.

If you were born this week, make sure you aren't one of those people who learns by his own mistakes. Watch what goes on around you, and you can absorb some valuable lessons by what others do. The urge to take the initiative often overcomes you, but learn to be a passive player in some instances as well. This will balance your endeavors and bring you much success.
